it has often occurred to the author that there are two principal defects in the existing treatises on the game of whist the one that the principles of play are in general laid down as so many isolated and arbitrary

conventions the reasons upon which such principles are based being seldom if at all and scarcely ever fully stated the other that suitable illustrations by which alone the principles can be brought forcibly home and fixed in the memory are almost entirely wanting the present work is an attempt to supply these deficiencies with regard to the latter the author feels that nothing in point of illustration of principles can be so instructive as a selection of hands played completely through and accompanied by copious explanations the idea it is believed as applied to whist is a new one though a similar plan has long been in use in treatises on chess it has not been deemed necessary to occupy space by detailing the mode of playing and of scoring as this information can be readily acquired at the table the reader is therefore credited with this elementary knowledge and is conducted at once to the general principles which he is advised to consider carefully before proceeding to the hands

this book serves as a guide on the deep questions you should have answers to or asking your potential partner and yourself before undertaking any plans towards marriage with him or her or flinging yourself blindly into marriage with a stranger from experience i have realized that several people go into marriage without really knowing the person they are getting married to well this realization dawned on me as a result of the many issues that i have come across through the online community that i convene marriage clinic where couples bring up the various problems they are facing in marriage the first question one usually asks is didn t you know all of these about your spouse before you went ahead to marry them the majority of responses gotten from these couples revealed that many of them married a familiar stranger and knew next to nothing of the real person they had committed to for a lifetime journey experience goes to show that many of us probably didn t ask the right questions during the dating and courtship period as many seem to be carried away by the euphoria of falling in love that we forget to search out the most important things about the person it is to address this blind spot that this book has been written it is to help you know as a single person what crucial and most important questions you should be asking from the start of the friendship and relationship you must learn to discount a person and search them out beyond the physical façade of the beautiful and handsome looks beyond the cars and houses or an excellent job these are questions that will help you know the true worth of the man or woman these are not lovey dovey questions

but questions deep and severe enough to ward off the false and unserious suitors leaving you with the serious and true the ones that will suit care and love you

do you find it difficult coming up with thought provoking conversation starters or topics to discuss with your partner do you want to discover insightful questions that can lead to having deeper exciting and more meaningful conversations as a couple don't have much to talk about except the day to day life activities if you answered yes to any of these questions you're not alone we all want to have better more substantial and engaging conversations everyday with our significant other however knowing where to start or the right questions to ask can be a challenge when things become routine that's why we wrote questions for couples we have used these open ended questions to get to know each other more deeply have better conversations and improve our relationship we believe these questions will do the same for your relationship too

a collection of public press articles that offer varied perspectives on the family issues covered include exploring and establishing relationships maintaining relationships the challenges and opportunities of crises and maintaining healthy relationships in families

vols 64-96 include central law journal's international law list

what are the cornerstones of a solid relationship every relationship should have a solid foundation of trust and respect couples should be able to trust each other in all things big and small they should cultivate honesty and make it a commitment to be truthful to their partners and that starts with knowing your partner and to that you need to ask a lot of questions and have a lot of discussions it sounds so simple but it is a vital ingredient to the success of any relationship romantic or otherwise additionally couples should not only make it a point to care about each other and express that care but they must also respect each other's needs and desires this book will help to bridge the gap by communicating
