bringing together strands of public discourse about valuing personal achievement at the expense of social values and the impacts of global capitalism mass media and digital culture on the lives of children this book challenges the

potential of science and business to solve the world's problems without a complementary emphasis on social values the selection of literary works discussed illustrates the power of literature and human arts to instill such values and foster change the book offers a valuable foundation for the field of literacy education by providing knowledge about the importance of language and literature that educators can use in their own teaching and advocacy work

foreword by colby sharp in the decade since the first edition of still learning to read was published the prevalence of testing and the common core state standards have changed what is expected of both teachers and students the new edition of still learning to read focuses on the needs of students in grades 3 6 in all aspects of reading workshop including reading workshop read aloud classroom design digital tools fiction nonfiction and close reading the book stays true to its original beliefs of slowing down and knowing our readers but it also takes into account the sense of urgency that changing times and standards impose on classrooms this edition examines current trends in literacy includes a new section on intentional instructional planning and provides expanded examples of mini lessons and routines that promote deeper thinking about learning it also includes a brand new chapter on scaffolding for reading nonfiction and showcases the authors latest thinking on close reading and text complexity online videos provide glimpses into classrooms as students make book choices work in small groups and discuss their reading notebooks expanded and updated book lists recommendations for digital tools lesson cycles and sections specifically written for school leaders round out this foundational resource

through this book readers will discover that stories can move the human heart and head in ways that research cannot stories bring together readers writers librarians teachers students and families in the libraries of today and will continue to do so tomorrow written for all those lovers of literacy this book links libraries and literacies through the power of stories the book is not filled with data in the form of pie charts graphs and tables rather the truth of the research is grounded in authentic stories that reflect not only the interpretation of data but also the transformative nature of literacies and libraries the author's primary goal is that readers will come to value and use storytelling in their own professional and personal lives to explain and expand on complex concepts and to make information more accessible for all the book begins by presenting anecdotes and the author's personal story to lay the foundation for what literacies are and what literacy is not an activity spiral of literacy allows readers to reflect on their own literacies chapters that follow each begin with a story that sets the theoretical foundation each chapter concludes with an action section that demonstrates how to turn theory to practice whether you are in a library a classroom or at home a final chapter envisions what libraries might look like in 10 years through interviews with

librarians teachers and others interested in literacy

we offer the easiest way to make reading books with children a pleasure even for those children who listen to reading reluctantly with the usual type of reading a child is a passive listener while with reading by picture he or she becomes an active participant even if children can already read they are happy to read texts where some of the words are replaced by pictures and perceive it as a bonus or a prize it is more important to receive such bonuses for children who are just starting to read or for whom reading still requires effort a small child can only voice words represented by pictures this reading not only makes kids a full participant in the process but also teaches them to reconcile the words of the picture with other words in the sentence older children may try to read words from a vocabulary list that appears before the text a child who has begun to read will be able to enjoy reading the entire text if you are reading to your little one please read slowly let your child think about the sentence find the right word and enjoy the reading process some words in this book are changed to pictures each story has a pictured vocabulary list at the beginning the book includes 3 famous fairy tales the wolf and three little pigs goldilocks and the three bears and the gingerbread man great book for non english speaking children to learn and remember new words in a fun game based reading activity
