the various manifestations of coerced labour between the opening up of the atlantic world and the formal creation of haiti

from the fourth millennium bce to the early second millennium ce the world became a world of cities this volume explores this critical transformation from the appearance of the earliest cities in mesopotamia and egypt to the rise of cities in asia and the mediterranean world africa and the americas through case studies and comparative accounts of key cities across the world leading scholars chart the ways in which these cities grew as nodal points of pilgrimages and ceremonies exchange storage and redistribution and centres for defence and warfare they show how in these cities along with their associated and restructured countrysides new rituals and ceremonies connected leaders with citizens and the gods new

identities as citizens were created and new forms of power and sovereignty emerged they also examine how this unprecedented concentration of people led to disease violence slavery and subjugations of unprecedented kinds and scales

this edition makes available an entirely new version of hegel s lectures on the development and scope of world history volume i presents hegel s surviving manuscripts of his introduction to the lectures and the full transcription of the first series of lectures 1822-23 these works treat the core of human history as the inexorable advance towards the establishment of a political state with just institutions a state that consists of individuals with a free and fully developed self consciousness hegel interweaves major themes of spirit and culture including social life political systems commerce art and architecture religion and philosophy with an historical account of peoples dates and events following spirit s quest for self realization the lectures presented here offer an imaginative voyage around the world from the paternalistic static realm of china to the cultural traditions of india the vast but flawed political organization of the persian empire to egypt and then the orient and the birth of freedom in the west to the christian revelation of free political institutions emerging in the medieval and modern germanic world brown and hodgson s new translation is an essential resource for the english reader and provides a fascinating account of the world as it was conceived by one of history s most influential philosophers the editorial introduction surveys the history of the texts and provides an analytic summary of them and editorial footnotes introduce readers to hegel s many sources and allusions for the first time an edition is made available that permits critical scholarly study and translates to the needs of the general reader

this book examines sexuality in the past and explores how it helps explain sexuality in the present the subject of sexuality is often a controversial one and exploring it through a world history perspective emphasizes the extent to which societies including our own are still reacting to historical change through contemporary sexual behaviors values and debates this new edition examines these issues on a global scale with attention to anthropological insights on sexuality and their relationship to history the dynamics between sexuality and imperialism sexuality in industrial society and trends and conflicts surrounding views of sex and sexuality in the contemporary world

a companion to world history this new volume offers insightful reflections by both leading and emerging world historians on approaches methodologies arguments and pedagogies of a sub discipline that has continued to be in flux as well as in need of defining itself as a relevant alternative to the traditional national regional or chronological fields of inquiry choice

the focus on the practicalities of how to do world history probably gives it its edge its thirty three chapters are grouped into sections that address how to set up research projects in world history how to teach it how to get jobs in it how to frame it and how it is done in various parts of the globe it is an actual handbook in other words as opposed to a sample of exemplary work english historical review a companion to world history offers a comprehensive overview of the variety of approaches and practices utilized in the field of world and global history this state of the art collection of more than 30 insightful essays including contributions from an international cast of leading world historians and emerging scholars in the field identifies continuing areas of contention disagreement and divergence while pointing out fruitful directions for further discussion and research themes and topics explored include the lineages and trajectories of world history key ideas and methods employed by world historians the teaching of world history and how it draws upon and challenges traditional approaches and global approaches to writing world history by considering these interwoven issues of scholarship and pedagogy from a transnational interregional and world global scale fresh insights are gained and new challenges posed with its rich compendium of diverse viewpoints a companion to world history is an essential resource for the study of the world s past

the encyclopedia of women in world history captures the experiences of women throughout world history in a comprehensive 4 volume work although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history the past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the western world but across the globe historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region they have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected the oxford encyclopedia of women in world history benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes the encyclopedia contains over 1 250 signed articles arranged in an a z format for ease of use the entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the egyptian uprising and the paris commune womens and gender studies and topics in world history that include slave trade globalization and disease with its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike
