the fbi a vocation to serve is about an fbi agent who saw his job as a vocation not a job robert casper takes you on a journey through his life as an fbi agent serving to protect the people of america throughout the book he describes how many agents were priests or in the seminary to become priests you may be wondering how one goes from a priest to an fbi agent and the answer is simple most criminals are violent people and priests vocation is to tend to their souls while fbi agent s vocation is to get them off the street to protect those that can t defend themselves the entire mission of the fbi is to protect the weaker and the integrity of the united states they aim to use their god given talents to protect and make society a safe and livable environment as robert s children were growing up and beginning to join the

workforce he always reinforced to his children to service others his motto is if you have a hard time going to the office every day maybe you are in the wrong field of work robert has fulfilled life and a vocation to serve it was grand

the extraction of minerals oil and gas has a long and ambiguous history in development processes in north america europe latin america and australasia extraction has yielded wealth regional identities and in some cases capital for industrialization in other cases its main heritages have been social conflict environmental damage and underperforming national economies as the extractive economy has entered another boom period over the last decade not least in latin america the countries in which this boom is occurring are challenged to interpret this ambiguity will the extractive industry yield for them economic development or will its main gifts be ones of conflict degradation and unequal forms of growth this book speaks directly to this question and to the different ways in which latin american countries are responding to the challenge of extractive industry the contributors are a mixture of geographers economists political scientists development experts and anthropologists who all draw on sustained field work in the region by digging deep into both national and local experiences with extractive industry they demonstrate the ways in which it transforms economies societies polities and environments they pay particular attention to the social conflict that extraction consistently produces and they ask how far this conflict might usher in political and institutional changes that could lead to a more productive relationship between extraction and development they also ask whether the existence of left of centre governments in the region changes the relationships between extractive industry and development the book makes clear the immense difficulties that countries and regional societies face in harnessing extractive industry for the collective good for the most part the findings question the wisdom of the development model that many countries in the region have taken up and which emphasises the productive roles of mining and hydrocarbon industries the book should be of interest to students and researchers of development studies geography politics and political economy as well as anthropology

this multidisciplinary book offers a comparative reading of the conflicts between large mining industries and peasant and indigenous communities in peru bolivia and ecuador focusing on the wider political economy of extractives in latin america

with exclusive reporting eyewitness accounts and analysis from the pulitzer prize winning staff of the new york times this edition of the january 6 report offers the definitive record of the attack on the u s capitol read the report from the select committee's investigation into the jan 6 attack on the capitol with accompanying insights from new york times reporters who've covered the story from the beginning this edition from the new york times and twelve books contains the january 6 report from the select
