bigfoot film journal provides a detailed account and analysis of the circumstances and aftermath of one of the most controversial motion picture films in world history the patterson gimlin film in october 1967 roger patterson and robert gimlin filmed what many people believe was an actual sasquatch or bigfoot on a shore of bluff creek in northern california the one minute film they took of the creature has been vigorously debated for over 40 years and it continues to reside in the annals of the unexplained the creature filmed cannot be proven to be either an actual primate of some sort or a fabrication much has been written about the film in the past but the details of the filming and its aftermath have not been thoroughly researched and subjected to in depth critical analysis with the assistance and cooperation of robert gimlin and several major sasquatch bigfoot researchers the author has methodically detailed the fascinating story of the filming and the subsequent events many little known or indeed previously unknown facts are presented that dismiss or at the very least challenge current beliefs and understandings for those interested in the bigfoot sasquatch issue here is the behind the scene account of what has become to many people the most compelling evidence of the creature s existence

a sharp analysis of the quest for unreal critters cryptids as they are called and the people who pursue them entertaining and thoroughly documented the wall street journal throughout our history humans have been captivated by mythic beasts and legendary creatures tales of bigfoot the yeti and the loch ness monster are part of our collective experience now comes a book from two dedicated investigators that explores and elucidates the fascinating world of cryptozoology daniel loxton and donald r prothero have written an entertaining educational and definitive text on cryptids presenting the arguments both for and against their existence and systematically challenging the pseudoscience that perpetuates their myths after examining the nature of science and pseudoscience and their relation to cryptozoology loxton and prothero take on bigfoot the yeti or abominable snowman and its cross cultural incarnations the loch ness monster and its highly publicized sightings the evolution of the great sea serpent and mokele mbembe or the congo dinosaur they conclude with an analysis of the psychology behind the persistent belief in paranormal phenomena identifying the major players in cryptozoology discussing the character of its subculture and considering the challenge it poses to clear and critical thinking in our increasingly complex world as valuable for its analysis of the hunted as it is for the light it shines on the still hopeful hunters publishers weekly highly recommended for readers looking for scientific but accessible evaluations of the existence of five notable cryptids that have captured our imaginations library journal starred review

there has been a lot of confusion about evidence of the existence of the sasquatch just what is evidence how is determined in this book evidence will be presented from a different perspective than has been previously considered

a scientific look at the evidence surrounding the myth of the legendary beast science requires solid evidence for the existence of a new species footprints and sightings by local people are never enough a type specimen must be obtained which is then described in a scientific journal and continues to be available for theory experts to examine for modern mammals this normally consists of a skin and skull that show distinctions from all similar specimens in his book dr krantz dissects the evidence out there using 1965 as the starting point using science his discussions center on footprints sightings fossil records and of course the famous patterson film he looks at the difficulty in faking evidence and explores the mythology of this creature

bigfoot huge hairy foul smelling this legendary apelike animal continues to captivate the public s imagination this fascination hinges on a single piece of motion picture film shot in northern california in 1967 for thirty five years bigfoot believers have been convinced that this sixty second piece of film proves the physical reality of bigfoot but now comes a book that demolishes that belief that produces final proof that the film footage is a hoax the making of bigfoot tells the amazing story of roger patterson of yakima washington a part time rodeo rider chronically unemployed and

dying of cancer patterson propelled himself into short lived fame and fortune by exploiting his obsession with the bigfoot subject and leveraging his expertise in manipulating and conning people to pull off one of the world s great hoaxes living within two hours of patterson s hometown for three years paranormal investigator and author greg long interviewed more than forty witnesses in yakima who knew patterson intimately the voices of these witnesses combined with facts unearthed from newspaper archives books and court documents tell the real story of roger patterson both tragic and comical a unique slice of americana the making of bigfoot captures the testimony of a colorful cast of characters who bring to life a man and a time in the 1960s when bigfoot strode into the american imagination and the world embraced a myth

the age of zoological discovery has not passed every year spectacular and exciting new species are being located and classified adding to our knowledge of the animal kingdom new whales deer snakes sharks and birds are just some of the creatures we have learned about in the past decade moreover the seas and forests continue to conceal unsolved mysteries of zoology are there undiscovered big cats and unclassified apes hidden in the world s forests do large animals of unknown type lurk in deep lakes or in the oceans the discoveries rediscoveries controversies and mysteries of modern zoology are collected here in shadows of existence a thoroughly researched and up to date guide to the wonders of nature
