stimulating erudite and above all entertaining for any reader tired of the seemingly endless round of churchill worship robert harris a radical biography for a new generation in a j p taylor s words churchill was the saviour of his country when he became prime minister in 1940 yet he was also a deeply flawed character giving due credit to churchill s achievements but making no secret of his failures geoffrey wheatcroft takes a radically different approach to other biographies going far beyond a reappraisal of a life and a career he reveals the complex shadow churchill has cast over post war british history and contemporary politics telling the story of churchill s extraordinary life and the equally fascinating one of his legacy churchill s shadow focuses on how we as a nation have

been living in the grip of his self written myth ever since his death this is the indispensable biography of churchill for the post brexit 2020s david kynaston author of on the cusp days of 62 wheatcroft is a skilled prosecutor with a rapier pen this could be the best single volume indictment of churchill yet written new york times a clear eyed incisive and superbly balanced account of churchill the man and the myth robert gildea author of empires of the mind

caryl churchill s play love and information presents a shift in focus from unstable personal and political identity towards unstable logical identity a philosophical concept that takes identity out of the realm of identity politics as a new play love and information has understandably been subject to very little scholarly analysis this thesis situates the play within churchill s corpus in order to consider how the depersonalized identities of this play fit within the broader scope of churchill s work anchored in elin diamond s study of gender identity in churchill s corpus this thesis will further incorporate theories of logical identity as well as theories of language in order to define what i argue is churchill s shift towards logical identity through a study of both the text of love and information and the 2014 new york première i conclude that love and information represents a shift in focus while churchill maintains her playwriting methodology

a major new history of churchill in the 1930s showing how his meetings at chartwell his country home strengthened his fight against the nazis in the 1930s amidst an impending crisis in europe winston churchill found himself out of government and with little power in these years chartwell his country home in kent became the headquarters of his campaign against nazi germany he invited trusted advisors and informants including albert einstein and t e lawrence who could strengthen his hand as he worked tirelessly to sound the alarm at the prospect of war katherine carter tells the extraordinary story of the remarkable but little known meetings that took place behind closed doors at chartwell from household names to political leaders diplomats to spies carter reveals a fascinating cast of characters each of whom made their mark on churchill s thinking and political strategy with chartwell as his base churchill gathered intelligence about germany s preparations for war and in doing so put himself in a position to change the course of history

sir winston churchill s paternal grandmother and the mother of randolph churchill the 7th duchess of marlborough has been a slight figure in many other people s biographies yet her own story as a member of a remarkable family has never been fully told until now frances anne emily vane tempest stewart s family background as well as her own life is steeped in great historical names and occasions she was the eldest daughter of the 3rd marquess and marchioness of londonderry two well known glamorous individuals her father was a military hero second in command to wellington in the napoleonic wars and her mother one of the wealthiest women in england her godfather was the duke of wellington her uncle lord castlereagh british foreign secretary queen victoria was a lifelong personal friend and contemporary and her political circle included both disraeli and gladstone tsar alexander i of russia was a mysterious romantic figure among the shadows of her childhood frances arrival at blenheim palace in 1843 as the bride of john winston 7th marquess of blandford resulted in the great ancestral seat s regeneration as a family home as a social and political focus for the life of the nation and for the neighbourhood of woodstock in oxfordshire frances the duchess gave loyal support not only to her husband but also her younger son randolph in

his political career and became a stable and abiding influence on her famous grandson Winston Churchill shaping his character ambitions and later achievements her own crowning achievement fully and dramatically told in this book is her humanity leadership and skill through her famine relief committee in averting the effects of the Irish potato famine of 1847 which threatened to repeat the wholesale loss of life of the famine of the 1840s when she was vicereine of Ireland Margaret Elizabeth Forster has found new original material and unpublished family photographs from the Marlborough personal archives to recount this absorbing remarkable biography and to restore a most gracious woman to her proper place at Blenheim

This thesis will examine how Churchill's experience in the Boer War affected his career and leadership style initial research revealed that Churchill planned to make some major life decisions in 1899 the year he participated in the Boer War fate and other variables such as his financial independence and celebrity status enabled rapid realization of his goals to attain political office in the British government research indicated that Churchill's experience while a Boer prisoner of war POW and his subsequent escape proved to be an especially formative experience for him professionally in addition his POW experience taught him the Boer perspective of the conflict which developed his leadership and personality secondary questions answered are how did his experience as a POW affect him what did his experiences in Cuba India and Sudan teach him what were Churchill's motivations during his time in the British Army using a chronological approach throughout this paper will provide the reader with the most logical and easiest method of answering these questions

Someone sneezes someone can't get a signal someone shares a secret someone won't answer the door someone put an elephant on the stairs someone's not ready to talk someone is her brother's mother someone hates irrational numbers someone told the police someone got a message from the traffic light someone's never felt like this before in this fast moving kaleidoscope more than a hundred characters try to make sense of what they know

explores what brevity can teach us about the powers and limits of theater

In this sequel to *The Scientist as Rebel* 2006 Freeman Dyson whom *The Times of London* calls one of the world's most original minds celebrates openness to unconventional ideas and the spirit of joyful dreaming in which he believes that science should be pursued throughout these essays which range from the creation of the Royal Society in the seventeenth century to the scientific inquiries of the Romantic generation to recent books by Daniel Kahneman and Malcolm Gladwell he seeks to break down the barriers that separate science from other sources of human wisdom Dyson discusses twentieth century giants of physics such as Richard Feynman J Robert Oppenheimer Paul Dirac and Steven Weinberg many of whom he knew personally as well as Winston Churchill's pursuit of nuclear weapons for Britain and Wernher von Braun's pursuit of rockets for space travel and he takes a provocative often politically incorrect approach to some of today's most controversial scientific issues global warming the current calculations of which he thinks are probably wrong the future of biotechnology which he expects to dominate our lives in the next half century as the

tools to design new living creatures become available to everyone and the flood of information in the digital age dyson offers fresh perspectives on the history the philosophy and the practice of scientific inquiry and even on the blunders the wild guesses and wrong theories that are also part of our struggle to understand the wonders of the natural world
