publisher description

topics covered include exploring boundary between deviance and criminality in the lives of young people who are deeply involved in the youth culture show how youth culture is not a set of categories so much as it is a dynamic and creative response to the confusions of growing up in modern society

social advantage and disadvantage are potent catch all terms they have no established definition but considered in relation to one another they can embrace a wide variety of more specific concepts that address the ways in which human society causes exacerbates or fails to prevent social divisions or injustices this book captures the sense in which any conceptualisation of disadvantage is concerned with the consequences of processes by which relative advantage has been selectively conferred or attained it considers how inequalities and social divisions are created as much by the concentration of advantage among the best off as by the systematic disadvantage of the worst off the book critically discusses from a global and a uk perspective a spectrum of conceptual frameworks and ideas relating to poverty social exclusion capability deprivation rights violations social immobility and human or social capital deficiency it addresses advantage and disadvantage from a life course perspective through discussions of family and childhood education work old age and the dynamics of income and wealth it considers cross cutting divides that are implicated in the social construction and maintenance of advantage and disadvantage including divisions premised on gender race ethnicity migration and religion neighbourhood and the experience of crime

presenting original contributions from the key experts in the field the research handbook on the sociology of education explores the major theoretical

methodological empirical and political challenges and pressing social questions facing education in current times

this volume provides the first comprehensive overview of social psychological research on inequality for a graduate student and professional audience drawing on all of the major theoretical traditions in sociological social psychology its chapters demonstrate the relevance of social psychological processes to this central sociological concern each chapter in the volume has a distinct substantive focus but the chapters will also share common emphases on the unique contributions of sociological social psychology the historical roots of social psychological concepts and theories in classic sociological writings the complementary and conflicting insights that derive from different social psychological traditions in sociology this handbook is of interest to graduate students preparing for careers in social psychology or in inequality professional sociologists and university college libraries
