the new edition of maerowitz and mauet's fundamentals of californialitigation for paralegals gives students a complete explanation ofcalifornia specific litigation clearly written with the student in mind thetext makes the material accessible while the accompanying workbook and formsput theory into practice these features make this text an appealing choice offers a complete understanding of the litigation process fromthe time the client walks into the office through trial and post judgment including settlements and alternative forms of resolutions balanced approach neither oversimplifies the litigationprocess nor clouds the educational course with excessive information pedagogical aids such as bold faced terms defined in theglossary examples charts and checklists sample documents chapter overviewsand

summaries and review questions are featured throughout the text tailored to the California rules with each chapter referencing the specific California statute where more information can be found and California forms included throughout provides opportunities for the instructor to pick and choose which areas to emphasize a workbook on CD accompanies the text and includes five case scenarios based on California law along with associated judicial council forms to be used as practical exercises. Instructor's manual provides answers to the questions posed in the workbook and book as well as a test bank of questions that include true/false, short answer, and essay questions so that the instructor can choose the type of test to give projects for research and writing sample forms and suggested course outlines are also included. Changes to the third edition include chapters on motions and discovery tools have been broken down into separate sections so that they are both easier for the student to understand and digest and easier for the instructor to teach. Depositions, interrogatories, and document production have been included and demurrers, motions to strike, and summary judgment have been broken out into separate sections. More information included on litigation management systems and how to use such systems to index and retrieve documents in large cases reflects most recent changes in the California rules. This student friendly text offers a teachable approach to the subject of California litigation. The content is neither oversimplified nor saturated with excess information which allows for a smooth introduction. Fundamentals of California litigation for paralegals third edition offers a complete understanding of the litigation process allowing students to walk away with a firm understanding of the complete picture.

Enlivened with color and numerous visual aids, Tom Mauet and Marlene Maerowitz's highly successful text for litigation features comprehensive material in a very teachable format in three coherent parts: investigating and planning the litigation, pretrial litigation, and settlement trial and post trial. Trial expert Thomas Mauet, an paralegal educator, Marlene Maerowitz clearly and thoroughly explain the steps paralegals must follow to assist lawyers in civil lawsuits from initial fact gathering through post judgment proceeding including the latest changes in the Federal Rules of Civil Procedure. The authors discuss and demonstrate the full range of litigation skills from drafting litigation documents, motion pleadings, discovery request and collecting data to interviewing clients and taking witness statements. In addition to the new attractive design, Fundamentals of litigation for paralegals second edition features chapters on provisional remedies, appeals, and alternative dispute resolution. Numerous visual aids, chart forms, exhibits, and more to enhance student understanding, key terms highlighted throughout the text and further explained in a comprehensive glossary, chapter objectives and summaries that preview and review important points, review questions to test understanding of the main concepts, a litigation file which follows and illustrates the complete litigation process including forms, complaints, etc. for one sample case. This invaluable teaching tool not only helps students master the concepts of the litigation process but also serves as a handy reference in practice. An updated workbook and instructor's guide complete this superb package filled with questions and brief writing assignments. The workbook gives students an opportunity to research statutes and become

familiar with pertinent forms the instructor's guide provides guidance on using the text and workbook
