what did zeus mean to the greeks and who was hera united with zeus historically and archetypally as if they were a human pair c kerenyi fills a gap in our knowledge of the religious history of europe by responding to these questions examining the word zeus and its greek synonyms theos and daimon the author traces the origins of greek religion in the minoan mycenacan civilization he shows how homer s view of the gods decisively shaped the literary and artistic tradition of greek divine mythology the emergence of the olympian family is seen as the expression of a humane zeus cult determined by the father image but formed within the domain of hera originally published in 1976 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

this book explains how visualizing archetypes in therapeutic practice can focus the client s attention making space for spiritual insights and allowing distracting emotions to dissipate combining psychology and spirituality it contains case studies and practical exercises to lead the client to improved emotional health and spiritual awareness

the archetypal pan in america examines the complex moral and ethical dilemmas that

americans have had to face over the last few decades including the motivations for the vietnam war who was in control of women s productive rights how to extend civil rights to all protests for the historically unapologetic narrative of the genocide of native americans and the growing number of school shootings since the columbine massacre fontelieu suggests that the emotional pain these issues created has not resolved and that it continues to surface in the guise of new issues but with a similar dysfunctional pattern the book argues that this pattern acts in the culture in the same manner as a psychological defense system stimulating fight flight or freeze reactions requiring great stores of energy when activated and deflecting attention from other areas relying on jung s theory of the applicability of myth to psychological problems and the post jungian theory of cultural complexes the myths of the greek god pan are used to scaffold a metaphor that informs this pattern fontelieu proposes that rather than looking inward as a culture for how to accept its changing role in a global world this pattern reinforces dysfunctional emotional responses to the reoccurring traumas of modernity responses such as an increase in the magnetic appeal of hypermasculinity or choosing to remain naively self absorbed the archetypal pan in america will be of great interest to jungian analysts and scholars of depth psychology as well as academics and postgraduate students studying psychology foreign studies literary criticism politics and cultural studies

this encyclopaedia provides specific information and guidance for everyone who is searching for greater understanding and inspiration subjects include theories of creativity techniques for enhancing creativity individuals who have made contributions to creativity

the term archetype as applied to literature comes from the depth psychology of carl gustav jung and refers to the inherited primordial motifs which emerge from universal and timeless human experiences these motifs appearing in myths dreams and literature are to the psyche what instincts are to the body because of their universality they enable us to see a work of literature as a total form not to be explained by partial points of view

such as social moral or aesthetic

a brand's meaning how it resonates in the public heart and mind is a company's most valuable competitive advantage yet few companies really know how brand meaning works how to manage it and how to use brand meaning strategically written by best selling author carol s pearson the hero within and branding guru margaret mark this groundbreaking book provides the illusive and compelling answer using studies drawn from the experiences of nike marlboro ivory and other powerhouse brands the authors show that the most successful brands are those that most effectively correspond to fundamental patterns in the unconscious mind known as archetypes the book provides tools and strategies to implement a proven system for identifying the most appropriate and leverageable archetypes for any company and or brand harness the power of the archetype to align corporate strategy to sustain competitive advantage

the sanctuary of eleusis near athens was the center of a religious cult that endured for nearly two thousand years and whose initiates came from all parts of the civilized world looking at the tendency to see visions c kerenyi examines the mysteries of eleusis from the standpoint not only of greek myth but also of human nature kerenyi holds that the yearly autumnal mysteries were based on the ancient myth of demeter's search for her ravished daughter persephone a search that he equates not only with woman's quest for completion but also with every person's pursuit of identity as he explores what the content of the mysteries may have been for those who experienced them he draws on the study of archaeology objects of art and religious history and suggests rich parallels from other mythologies

a jungian interpretation of blake's pictorial art with emphasis on his gates of paradise and arlington court picture

the author presents a stimulating panorama of jung's psychology and shows how accurately it corresponds to the strange world described by twentieth century scientists in fields other than psychology he traces the development of the concept of the archetypes

of the collective unconscious from the dawn of the scientific method in the renaissance to twentieth century mathematician kurt godel s proof of the limits of science robertson s presentation of jung s psychology is the most complete to date treating it as a connected whole from the early experimental studies to the final work using alchemy as a model of psychological dynamics

in this newly revised and updated edition unlock the secrets of your dreamlife with the most comprehensive a z reference book on dream interpretation you ll ever find

drawing on her wide background in depth psychology art and archeology patricia reis gives a unique feminist reading to the meaning of the goddess through personal experience and reflection through women s creative productions and above all through examples from the lives of women she has guided in her practice of therapeia through the goddess shows the indwelling goddess to be a much needed resource for physical spiritual and psychological healing utilizing pre patriarchal goddess images for inspiration and information reis shows how the earliest goddess images provide important bedrock symbols of female wholeness that are lacking in the later greek goddesses who are often patriarchally influenced and reflect instead the suffering and fragmented aspects of women which correspond to contemporary women s struggles for self acceptance reis further develops a newly emerging archetype that of the female body through the work of women poets and artists reis shows how women today can heal personally and collectively from abuse incest eating disorders and from the sometimes devastating effects of breast cancer by initiation into and through the goddess book jacket title summary field provided by blackwell north america inc all rights reserved
