in this comprehensive introduction tom campbell introduces and critically examines the key philosophical debates about rights

this book engages with human rights and human rights education here in ways that offer opportunities for criticality and renewal it takes up various ideas from critical and decolonial theories to philosophers and intellectuals to theorize the renewal of here as critical human rights education the point of departure is that the acceptable truths of human rights are seldom critically examined and productive interpretations for understanding and acting in a world that is soaked in the violations these rights try to address cannot emerge the book cultivates a critical view of human rights in education and beyond and revisits receivable categories of human rights to advance social justice oriented educational praxes it focuses on the ways that issues of human rights philosophy and education come together and how a critical project of their entanglements creates openings for rethinking human rights education here both theoretically and in praxis given the persistence of issues of human rights worldwide this book will be useful to researchers and educators across disciplines and in numerous parts of the world

combining theoretical sophistication with a fundamental comprehension of the political institutions of the usa this study aims to demystify the workings of the united states supreme court and its place in democracy

laselva offers a compelling reconsideration of confederation and of the pivotal role of george etienne cartier one of the fathers of confederation in both the achievement of confederation and the creation of a distinctively canadian federalist theory

this book serves as an introductory reader for understanding a professional competencies framework for social work through a new approach it not only discusses what professional competencies are and why they are significant but it also shows how to develop a professional competencies approach measure and research competencies and learn how to use them to empower professional identity and career development there has been growing interest to define the social work profession within a professional competencies framework professional competencies are considered in their complexity as a triangle of knowledge skills and values they are not solely a tool for education and practice but they are also important for professional socialization and identity in social work a professional competencies approach has been used to define standards and expectations for social workers practitioners it is an evaluation tool for formal education and lifelong learning programs provides guidance for field practice and placements for social work students and could be a frame for distinguishing levels of professional expertise the volume provides an up to date comprehensive overview of a professional competencies approach in social work with 10 chapters organized in four sections part i understanding a professional competencies approach including criticisms of the competency based education approach part ii major

areas of professional competencies including leadership and professional socialisation part iii measuring professional competencies and education outcomes including how to conceptualise operationalise and measure professional competencies in social work part iv professional competencies and professional development including a model of holistic competence in social work and the unique professional capabilities framework social work in the frame of a professional competencies approach is essential reading for social work instructors academics and national professional associations interested in developing or reviewing their professional competencies framework it is an invaluable resource for experts in statutory bodies that set up a legislative framework of social work practice or work in the accreditation of social work education programs the book is useful for social work students interested in understanding the theoretical background of social work as well as for field practitioners who wish to use professional competencies for their self reflection self evaluation and professional identity

disability intersectionality and belonging in special education focuses on preparing educators who use socioculturally sustaining practices curricula and instruction through an intersectional lens this book empowers preservice students and special education practitioners and administrators to meet the needs of disabled individuals understanding the full range of requirements relating to socioculturally sustaining practices is imperative to working with individuals with disabilities as well as with their families and caregivers being able to understand and explain this complex issue to others is important and often necessary social injustices in special education are historical and systemic special education practitioners are typically unaware of the importance of intersectional differences because they have been prepared to address cultural perspectives only during awareness days or through specific units in curricula at other times they discuss the topic diagnostically for example as part of an educational plan or when teaching english as a second language other issues stem from the value system of the special education practitioners themselves some are not willing to engage in these concepts while others prioritize treating all students the same by using the terms fairness equity and colorblindness to justify this treatment even when special educator practitioners attempt to address injustices on behalf of their students they tend to center on only the student's disability which means they are ignoring or erasing other aspects of their students identities these concerns highlight the importance of building the sociocultural competence of our teaching force this book will help practitioners build this competence in their own spheres of influence

defensive relativism describes how governments around the world use cultural relativism in legal argument to oppose international

human rights law defensive relativist arguments appear in international courts at the committees established by human rights treaties and at the united nations human rights council the aim of defensive relativist arguments is to exempt a state from having to apply international human rights law or to stop international human rights law evolving because it would interfere with cultural traditions the state deems important it is an everyday occurrence in international human rights law and defensive relativist arguments can be used by various types of states the end goal of defensive relativism is to allow a state to appear human rights compliant while at the same time not implementing international human rights law drawing on a range of materials such as state reports on the convention on the elimination of all forms of discrimination against women cedaw and cases from the european court of human rights involving freedom of religion this book provides a definitive survey of defensive relativism crucially frederick cowell argues defensive relativism is not about alternative practices of human rights law or debates about the origins or legitimacy of human rights as a concept defensive relativism is instead a variety of tactical argument used by states to justify ignoring international human rights law yet as cowell concludes defensive relativism can't be removed from the law as it is a reflection of unresolved tensions about the nature of what it means for rights to be universal

perfect for the student new to jurisprudence this book provides an illuminating introduction to the central questions of legal theory an experienced teacher of jurisprudence professor wacks approach is both accessible and entertaining providing the ideal base for further study

the past two decades have seen an outpouring of work in legal theory that is self consciously critical of aspects of american law and the institutions of the liberal state in this lively volume eminent scholars in philosophy law and political science respond to this recent scholarship by exploring what constitutes a radical critique of the law examining such theories as critical legal studies feminist theory and theories of difference and critical race theory the authors consider whether the critiques advanced in recent legal theory can truly be called radical and what form a radical critique of american law should take writing at the cutting edge of the critique of critical legal theory they offer insights first on critical legal scholarship then on feminist political and legal theory a third group of contributions questions the radicalness of these approaches in light of their failure to challenge fundamental aspects of liberalism while a final section focuses on current issues of legal reform through critical views on criminal punishment including observations on rape and hate speech each major essay describes the underlying principles in the development of a radical legal theory and

addresses unresolved questions relating to it while accompanying commentaries present conflicting views the resulting dialogue explores wide ranging issues like equity value relativism adversarial and empathic legal advocacy communitarianism and the social contract impartiality and contingency natural law and corrective justice a common thread for many of the articles is a focus on the social dimension of society and law which finds the individualism of prevailing liberal theories too limiting radical critiques of the law is particularly unique in presenting critical and feminist approaches in one volume along with skeptical commentary about just how radical some critiques really are proposing alternative critiques that embody considerably greater promise of being truly radical it offers provocative reading for both philosophers and legal scholars by showing that many claims to radicalism are highly problematic at best

this book explores the powerful promises and disturbing paradoxes of human rights

this collection evaluates the crisis of confidence in human rights which underpins understandings of just decision making and liberal democracy
