from exploits on the field to machinations in the front office to data on the cities where they play the encyclopedia of major league baseball clubs presents the team history of each of the 30 mlb teams intelligent in depth essays provide social and economic histories of each club that go beyond the recounting of team glories or failures year by year team origins annual campaigns and players and managers all figure into the story but so do owners financiers politicians neighborhoods and fans teams are also looked at as business enterprises with special attention given to labor issues like the reserve clause and free agency as well as stadium construction and financing social and political issues are covered as well including racism and integration ethnic makeup of fans and players gambling liquor sales and sunday play national events like world war i world war ii the great depression and the cold war and their impact on the national pastime are also brought into the picture where they are relevant media coverage and broadcasting rights are discussed as is the great influence the flood of media money has had on the sport as america s sport baseball reflects not just our ideas and beliefs about competition it also reflects our national and regional identities readers will be able to find useful information about important players managers owners community relations charity work business and labor issues television income free agency race relations baseball sports economics including stadium construction team relocations and teams in local and national culture fenway park wrigley field as local icons yankees as a national team every essay is signed and concludes with suggested readings and a bibliography the work is illustrated has a comprehensive bibliography and is thoroughly indexed

this thought provoking collection not only takes us into the past and the future but also explores what might happen if we attempt to manipulate time to our own advantage these stories show what happen once you start to meddle with time and the paradoxes that might arise it also raises questions about whether we understand time and how we perceive it once we move outside the present day can we ever return or do we move into an alternate world what happens if our meddling with nature leads to time flowing backwards or slowing down or stopping all together or if we get trapped in a constant loop from which we can never escape is the past and future immutable or will we ever be able to escape the inevitable these are just some of the questions that are raised in these

challenging exciting and sometimes amusing stories by kage baker simon clark fritz leiber christopher priest kristine kathryn rusch robert silverberg michael swanwick john varley and many others
