this book examines why when the conflict in eastern ukraine began in 2014 fighting broke out in the donets k region whereas it did not in kharkiv city despite the city like the donets k region being geographically proximate to russia and similar in ethnic and linguistic make up based on extensive original research the book argues that a key factor was the nature and behaviour of local elites with those in kharkiv having diffuse ties to the centre and therefore being more capable of adapting to sudden profound regime change at the centre whereas the elites in the donets k region had much more concentrated ties to the centre were dependent on one network and therefore were much less able to cope with change the book thereby demonstrates how crucial for ukraine are patronal politics patronage networks and informal centre region relations and that it was these local political circumstances rather than russia which brought about the conflict

this handbook assembles original contributions from influential authors such as herman daly paul ekins marina fischer kowalski jeroen van den bergh william e rees and tim jackson who have helped to define our understanding of growth and sustainability the handbook also presents new contributions on topics such as degrowth the debt based financial system cultural change energy return on investment shorter working hours and employment and innovation and technology explorations of these issues can deepen our understanding of whether growth is sustainable and in turn whether a move away from growth can be sustained with issues such as climate change looming large our understanding of growth and sustainability is critical this handbook offers a broad range of perspectives that can help the reader to decide growth sustainability both or neither

recent events in ukraine and russia and the subsequent incorporation of crimea into the russian state with the support of some circles of inhabitants of the peninsula have shown that the desire of people to belong to the western part of europe should not automatically be assumed discussing different perceptions of the ukrainian russian war in neighbouring countries this book offers an analysis of the conflicts and issues connected with the shifting of the border regions of russia and ukraine to show how material and psychological borders are never completely stable ideas the contributors historians sociologists anthropologists and political scientists from across europe use an interdisciplinary and comparative approach to

explore the different national and transnational perceptions of a possible future role for russia
