improve collective efficacy in schools through meaningful professional conversations in a landscape where technology can undermine personal connections even the most talented educator can feel like they're practicing their craft in isolation nine professional conversations to change our schools is a framework for revitalizing the art of the professional conversation it guides educators through structures for collaboration grants access to vast storehouses of

applied wisdom and facilitates a consensual knowledge base for standards of excellence 9 conversational strategies designed to promote collective efficacy in education learning scenarios demonstrate the effectiveness of these conversations in action accessible conversational dashboard assists in analyzing conditions for success

there is concern that schools and districts will be unable to attract and retain enough qualified school administrators the authors analyze data on school administrators careers and the factors influencing decisions to enter these careers they find no national crisis but do find three primary areas of concern state and local variation in financial rewards barriers to entry into the field and the number of administrators nearing retirement

what s wrong with our schools and how we can fix them examines the status of public education in north america and exposes many of the absurd instructional practices found in all too many schools written by three experienced educators this book provides readers with a direct window into public education the language is straightforward the case studies based on real events and the research evidence clearly presented with chapter titles like subject matter matters a pass should be earned and there is too much edu babble the authors systematically demolish the ridiculous fads that have taken hold of public education as unashamed apologists for the importance of knowledge and content in school curricula the authors clearly show why the views of romantic progressives like those of popular author alfie kohn fail to stand up to rigorous scrutiny a consistent focus on common sense permeates this book and provides parents teachers and administrators with practical ways in which they can help improve public education anyone interested in the future of public education will benefit from reading this book for more information visit fixingourschools.com

saving our schools exposes the ugly side of president george bush s no child left behind mandate which has threatened to close more than 6 000 public schools to the detriment of dedicated teachers and disadvantaged children alike revealing how nclb forces schools with strictly limited resources to teach its children test taking skills in a desperate bid to pass high stakes standardized testing and how the government blacklists successful professors institutions and methods that balk the nclb party line and much more saving our schools warns of an immediate threat to the integrity of public education and urges the reader to take action an eye opening social commentary of keen importance in determining the nation s future midwest book review

what s public about public schools why do we invest in educating the next generation of americans what is it that

drives our common purpose in educating children and at the same time divides us so passionately about how to educate them public schools have little to do with children schools are political and ideological institutions in which each generation battles among itself for supremacy in determining the purposes goals and direction of public education from battles over school lunch to school dress to school prayer each generation reinterprets and recapitulates the political and ideological arguments that date back to the founding of our nation more than two centuries after the american revolution public schools serve as political battlefields for debates about religious freedom and whether students should be allowed to wear u s flag teeshirts we invite you to join us in an exploration of the purposes of public schools the competing visions of public education and the values of the public good that comprise the public in public schools

examines desegregation school funding testing vouchers bilingual education multicultural education and ability grouping these seem to be separate problems but much of the contention over them comes down to the same thing an apparent conflict between policies designed to promote each student s ability to pursue success and those designed to insure the good of all students or the nation as a whole the authors show how polices to promote individual success too often benefit only those already privileged by race or class the book also examines issues such as creationism and afrocentrism

in this informative volume patricia graham one of america s most esteemed historians of education offers a vibrant history of american education in the last century drawing on a wide array of sources from government reports to colorful anecdotes graham skillfully illustrates americans changing demands for our schools and how schools have responded by providing what critics want though never as completely or as quickly as they would like in 1900 as waves of immigrants arrived the american public wanted schools to assimilate students into american life combining the basics of english and arithmetic with emphasis on patriotism hard work fair play and honesty in the 1920s the focus shifted from schools serving a national need to serving individual needs education was to help children adjust to life by 1954 the emphasis moved to access particularly for african american children to desegregated classrooms but also access to special programs for the gifted the poor the disabled and non english speakers now americans want achievement for all defined as higher test scores while presenting this intricate history graham introduces us to the passionate educators scholars and journalists who drove particular agendas as well as her own family starting with her immigrant father s first day of school and ending with her own experiences as a teacher invaluable background in the ongoing debate on

education in the united states this book offers an insightful look at what the public has sought from its educational institutions what educators have delivered and what remains to be done
