riveting true life story of a christian palestinian from galilee brings to life the history of modern israel and offers insight into living at peace

one of the most persistent if vexing issues facing not just theology but also political theory sociology and other disciplines is the ongoing palestinian israeli conflict for theology the problem is especially nettlesome on account of the church s shared history and tradition with the jewish people palestinians including palestinian christians bear the brunt of suffering and dispossession in the current situation yet are burdened even more by christian political appropriation of zionism through an analysis of palestinian refugee mapping practices for returning to their homeland alain epp weaver takes up the troubled issue of palestinian dispossession and argues against the political theology embedded in zionist cartographic practices that refuse and seek to eliminate evidence of co existence instead alain epp weaver offers a political theology of redrawing the territory compatible with a bi national vision for a shared palestinian israeli future

at its heart liberation theology is a modern theology of resistance to the oppression imposed by colonialist and post colonialist systems and even by churches that cooperate

with secular centers of power to oppress the poor and disadvantaged it is a grassroots social justice theology a *cri de cœur* that seeks to give spiritual succor and hope to those living in seemingly hopeless circumstances palestinians a people whose suffering has largely been forgotten by the world since israel's establishment and who are most often stereotyped as extremists and enemies of israel with no legitimate claim to their own homeland are among the world's most marginalized populations the small palestinian christian community an indigenous population descended from jesus's first followers has created a liberation theology for the palestinian context that reaches out to its own christian faithful and their muslim compatriots this is a nonviolent political theological resistance that follows jesus's teaching that god is present with all god's children and heeds jesus's gospel injunctions to comfort the suffering and let the oppressed go free for palestinians their very survival in the land is resistance to israel's efforts to remove them and liberation theology sustains their resistance jesus was the first liberation theologian

everyone loves a good story one with interesting characters an intriguing plot lots of twists and turns and a surprise ending storytelling is an entertaining art but it is also instructive and essential to intellectual moral and spiritual growth literature as all art is a gift of divine grace a pathway to mystery each literary experience is slightly beyond our horizon of understanding what a gift literature is when it enhances spirituality each literary moment confounds in order to keep us going and growing the restoration of wonder is the beginning of the inward journey toward the awaiting god soul food contains stories that are both entertaining and inspiring wholesome and heart warming some are humorous others are tragic or sad but all are memorable the collection is divided into five sections 1 personal stories 2 biblical and faith stories 3 classic stories fables and tales 4 literary and historical stories and 5 inspirational stories some of these stories come from personal experience my own and that of family and friends others including myths legends fantasies and tales come from folklore and oral tradition while others are taken from the public domain as you read these stories sequentially or randomly i trust they will aid you in your quest for meaning direction and stability enjoy these stories and may they enhance your journey through life and its manifold seasons i hope you will return to this collection repeatedly finding in these stories courage wisdom and inspiration

the theological journal is designed to enable our practitioners to capably integrate theological concepts into their practice the articles are written by ccda members and will challenge us to go deeper theologically while giving us language that will allow us to dialogue outside of the academy theological reflection and engagement among practitioners and with our neighbors can often be strange bedfellows but this should not be the case

transsexualism is a phenomenon of our time at other times and in other places there have been or still are people not living in the sex of their origin and having a special status in western culture however hormones and surgery have become available through advances in medical science which have made sex change a reality

this unique resource offers the fascinating account of donald e wagner s personal experience with the middle east and calls western christians to work with middle east christians in healing the pain of jews and palestinians wagner grippingly tells of his early involvement with streams of christianity that treat israel s possession of the holy land as fulfillment of a divine plan that will result in the apocalyptic battle of armageddon

wagner and o neill delve into their vast experience in the middle east to help readers understand what happened when israeli prime minister yitzhak rabin and plo chairman yasser arafat shook hands in a peace agreement on the white house lawn foreword by richard c halverson

teaching demands many talents and takes many forms but few teachers devote most of their working life to the teaching of those who are oppressed eleanor aitken did and her story a detailed and shocking account of the plight of palestinians makes remarkable reading having seen at first hand how cruelly mistreated and maligned they were she felt strongly the need to help more people to understand the palestinian situation their history and their culture the founding of an educational trust for palestinians in which the author s role was instrumental had a dual aim to help westerners especially native speakers of english to learn at first hand about palestine and palestinians and to give palestinians particularly refugees an opportunity to express through the english language the injustices they have suffered the stories of individuals with whom the author came into contact are woven into her own story
