fundamental considerations in technology mediated language assessment aims to address issues such as how the

forced integration of technology into second language assessment has shaped our understanding of key traditional concepts like validity reliability washback authenticity ethics fairness test security and more although computer assisted language testing has been around for more than two decades in the context of high stakes proficiency testing much of language testing worldwide has shifted to at home mode and relies heavily on the mediation of digital technology making its widespread application in classroom settings in response to the covid 19 outbreak unprecedented integration of technology into language assessment has brought with it countless affordances and at the same time challenges both theoretically and practically one major theoretical consideration requiring attention is the way technology has contributed to a reconceptualization of major assessment concepts constructs there is very limited literature available on the theoretical underpinnings of technology mediated language assessment this book aims to fill this gap this book will appeal to academic specialists practitioners or professionals in the field of language assessment advanced and or graduate students and a range of scholars or professionals in disciplines like educational technology applied linguistics and teaching english to speakers of other languages tesol

speaking is a dynamic interpersonal process and one that strongly influences how we are perceived by others in a range of formal and everyday contexts despite this speaking is often researched and taught as if it is simply writing delivered in a different mode in teaching and researching speaking rebecca hughes suggests that we have less understanding than we might of important meaning making aspects of speech such as prosody gaze affect and the ways speakers collaborate and negotiate with one another in interaction this thoroughly revised and updated second edition looks to the future of the field offering a new chapter on assessment discussing high stakes oral language testing contexts such as immigration new material considering access to spoken data via the worldwide web and new technologies that allow neurolinguistic insights formerly hidden from view summaries and case studies to help the reader understand how to approach researching speaking and encourages practitioners to question the models of speaking that they are using in their classrooms reviewing materials and assessment practices in the light of current knowledge about spoken language and highlighting areas for new work and collaboration between researchers and practitioners this book will be a valuable resource for anyone involved in language teaching

what does it mean to teach shakespeare with purpose it means freeing teachers from the notion that teaching shakespeare means teaching everything or teaching western civilisation and universal themes instead this invigorating new book equips teachers to enable student centred discovery of these complex texts because

shakespeare s plays are excellent vehicles for many topics history socio cultural norms and mores vocabulary rhetoric literary tropes and terminology performance history performance strategies it is tempting to teach his plays as though they are good for teaching everything this lens free approach however often centres the classroom on the teacher as the expert and renders shakespeare s plays as fixed determined and dead teaching shakespeare with purpose shows teachers how to approach shakespeare s works as vehicles for collaborative exploration to develop intentional frames for discovery and to release the texts from over determined interpretations in other words this book presents how to teach shakespeare s plays as living breathing and evolving texts

our sense of history shapes how we think about ourselves one of the distinguishing features of the left in britain is that it holds to a remorselessly bleak and miserabilist view of our recent political history one in which margaret thatcher s election in 1979 marked the start of a still continuing fall from political grace made evident by the triumph of a free market get what you can neoliberal ideology dizzying levels of inequality social decay rampant individualism state authoritarianism and political corruption the left does not like what has happened to us and it does not like what we have become andrew hindmoor argues that this history is wrong and self harming it is wrong because britain has in many respects become a more politically attractive and progressive country over the last few decades it is self harming because this bleak history undermines faith in politics post brexit post grenfell and post the 2010 2015 and 2017 general elections things may not right now look that great but looked at over the longer haul britain is a long way from being a posterchild for neoliberalism left wing ideas and arguments have shaped and continue to shape our politics
