das lebenswerk des orgelbauers gottfried silbermann fällt in die zeit der glanzvollen augusteischen epoche sachsen zahlte im barock zu den ökonomisch

und kulturell führenden europäischen Ländern die Leistungen in Architektur, Kunsthandwerk, Malerei in Wissenschaft und Manufakturwesen waren stilprägend und galten als vorbildhaft. Mindestens an den deutschen Fürstenhöfen verwurzelt in hofischer Musikkultur und protestantischen Traditionen, entfaltete sich auch eine vielfältige landesweite Musikpflege, deren Gipfelpunkt das Werk von Johann Sebastian Bach, ein Markstein des Weltmusikerebes, wurde. Mit Gottfried Silbermann erreichte schließlich auch der sächsische Instrumentenbau eine sprichwortliche Verfeinerung der Musikalität. Die Darstellung richtet sich in Text und Bild an ein breites Publikum. Der Autor des repräsentativen Bandes, Prof. Frank Harald Gress, einer der besten Kenner sächsischer Orgeln, arbeitete seit 1994 in enger Abstimmung mit der Silbermann-Gesellschaft an dieser modernen Gesamtdarstellung. Er vermittelt nicht nur Sachinformationen auf der Grundlage des aktuellen Forschungsstandes, sondern gibt auch interessierten Laien einen anschaulichen Einblick in Persönlichkeit und Schaffensprinzipien Silbermanns sowie in den technischen Aufbau seiner Orgeln. Eingeleitet wird das Buch mit einem Essay von Dr. Joachim Menzhausen über die sächsische Kunst des 18. Jahrhunderts. Ihm folgt eine ausführliche Darstellung des Lebens Gottfried Silbermanns und des Erfolges seiner schon zu Lebzeiten berühmten Orgelwerkstatt. Allen nachweisbaren Orgeln des Meisters, auch den meisten nicht erhaltenen, ist ein Porträt in Wort und Bild gewidmet. Ausser den Dispositionen und den wichtigsten Details sind Angaben über das Entstehen, das weitere Schicksal und den gegenwertigen Zustand jeder Orgel enthalten. Grossformatige Farbfotos des Dresdner Fotografen Michael Lange bringen dem Betrachter die barocke Pracht der Prospekte nahe und vermitteln ergänzende Ansichten von Räumen, Kirchenbauten und Landschaften. Vervollständigt wird der Band durch eine Karte der Orgelstandorte und ein umfangreiches Literaturverzeichnis.

chapters include practice management risk management quality improvement and professional liability value based anaesthesia management malignant hyperthermia and other inherited disorders delivery systems for inhaled anaesthetics anaesthesia for laparoscopic surgery monitored anaesthesia care and anaesthesia for non operative procedures
