an authoritative source of rich structured data for both the general public and linguistic experts each of the 191 chapters is written by an expert and devoted to a single language three indexes are included for cross reference language by country language by family language by alternate names entry headings include language name location family related languages dialects number of speakers origin and history orthography and basic phonology basic morphology basic syntax contact with other languages common words selected bibliography and efforts to preserve protect and promote the language facts about the world's languages has been honoured by choice magazine as an outstanding academic title of 2001

this is a collection of discussions of grammatical relations and related concepts using current syntactic theory

a major activity of the sahitya akademi is the preparation of an encyclopaedia of indian literature the venture covering twenty two languages of india is the first of its kind written in english the encyclopaedia gives a comprehensive idea of the growth and development of indian literature the entries on authors books and general topics have been tabulated by the concerned advisory boards and finalised by a steering committee hundreds of writers all over the country contributed articles on various topics the encyclopaedia planned as a six volume project has been brought out the sahitya akademi embarked upon this project in right earnest in 1984 the efforts of the highly skilled and professional editorial staff started showing results and the first volume was brought out in 1987 the second volume was brought out in 1988 the third in 1989 the fourth in 1991 the fifth in 1992 and the sixth volume in 1994 all the six volumes together include approximately 7500 entries on various topics literary trends and movements eminent authors and significant works the first three volume were edited by prof amaresh datta fourth and fifth volume by mohan lal and sixth volume by shri k c dutt

the dravidian language family is marked historically by a protracted struggle between tamil and its

aggressively assertive supremacy and the consequent peripheralizing of other majoritarian languages of the region this book looks at the development of telugu with its unique grammatical and lexical tradition as instrumental in the construction of the concept of the dravidian language family in 1816 and in the development of comparative linguistics since that time the author s arguments locate telugu in multiple matrices of historical and theoretical orientalism the colonial state s interest in native languages the politics of state patronage questions of cultural assimilation and divergence the overbearing presence of tamil and its literary traditions and the related inter and intra civilizational dialogues the book thus grapples with the tortured emergence of telugu a product of the dynamics of andhra society economy polity and culture influenced and driven by muslim hindu and western influence with its richly textured narrative this book will be of interest to those in the fields of history sociology socio linguistics colonial studies and literature apart from the generally interested reader
