this groundbreaking volume explores plutarch s unique survival in the argument that animals are rational and sentient and that we as humans must take notice of their interests exploring plutarch s three animal related treatises as well as passages from his ethical treatises stephen newmyer examines arguments that strikingly foreshadow those found in the works of such prominent animal rights philosophers as peter singer and tom regan unique in viewing plutarch s opinions not only in the context of ancient philosophical and ethical thought but also in its place in the history of animal rights speculation animals rights and reasons points out how remarkably plutarch differs from such anti animal thinkers as the stoics classicists philosophers animal welfare students and interested readers will all find this book an invaluable and informative addition to their reading

in the words of late professor moshe kochavi the philistine repository pit at yavneh is the kind of discovery made only once every fifty years it is the richest repository pit ever found from bronze and iron ages israel palestine containing thousands of cultic finds originating from a temple including an unprecedented number more than a hundred of cult stands so called architectural models carrying rich figurative art dozens of fire pans chalices and other objects the present volume includes the full publication of the excavation the stratigraphy the cult stands and the figures detached from cult stands several clay and stone altars and some pottery vessels related to burning of plant material most likely incense this exceptional book raises a host of highly important and intriguing questions is this a favissa or even a genizah why are many cult stands badly broken while some are intact were cult stands broken on purpose what is the explanation for the unique stratigraphy and for the layer of gray ash in the pit was fire kindled inside as part of a ritual how do we know that these finds are philistine are they part of the furniture of the temple or objects dedicated by worshippers as votives do the figures on the cult stands represent mortal beings or divinities if divinities can we relate them with biblical or extra biblical data on the gods of the philistines what was the function s of cult stands were they models of buildings supports for images offering tables altars or perhaps incense burners why are female figures dominant while male figures are virtually absent in discussing such topics yavneh i treats issues that are central to many fields of study religion and cult in iron age israel palestine the history and archaeology of the philistines and their western relations near eastern iconography the meaning of cult stands architectural models and the understanding of votive objects and of repository pits in general

literally salvaged from the teeth of a bulldozer these rare finds are now published generations of scholars will discuss and reinterpret them there is no final word for such finds and hence this final excavation volume is not an end but a beginning

since its establishment by usda regulation in the mid 1980s the institutional animal care and use committee iacuc has evolved as the premier instrument of animal welfare oversight within research institutions in the united states by addressing questions and problems that often confront institutions the iacuc handbook second edition provides accurate succinct answers it features comprehensive updates for all pertinent federal laws regulations and policies it also contains an expanded survey of iacuc practices from institutions around the nation with accessible information this new edition provides a foundation for those attempting to understand and implement the many and varied responsibilities of these committees

this volume offers a new translation of plutarch s three treatises on animals on the cleverness of animals whether beasts are rational and on eating meat accompanied by introductions and explanatory commentaries the accompanying commentaries are designed not only to elucidate the meaning of the greek text but to call attention to plutarch s striking anticipations of arguments central to current philosophical and ethological discourse in defense of the position that non human animals have intellectual and emotional dimensions that make them worthy of inclusion in the moral universe of human beings plutarch s three treatises on animals will be of interest to students of ancient philosophy and natural science and to all readers who wish to explore the history of thought on human non human animal relations in which the animal treatises of plutarch hold a pivotal position

historically and philosophically informed introduction to the embryological zoological and medical views presented in this sophisticated and challenging text
