militerische multinationalitt in europa behandelt die zusammenarbeit von streitkrften auf einzigartige weise nicht nur bietet das buch erstmals einen umfassenden und aktuellen berblick ber die formen militrischer zusammenarbeit es entwickelt mit der unterscheidung multinationaler strukturen prozesse und aktivitten zudem einen theoriegeleiteten und doch intuitiven analyserahmen zur untersuchung von streitkrftekooperation der frage welche motive zur aufstellung multinationaler formate fhren nhert sich die autorin mit der empirisch belegten erkenntnis dass die kooperation von streitkrften nicht nur einer strategischen logik folgt sondern auch durch eine vielzahl politischer faktoren bestimmt ist

diese studie ist somit ein aktuelles referenzwerk für ein äußerst komplexes phänomen

the legal pluriverse surrounding multinational military operations conceptualizes and examines the pluriverse the multiplicity of rules that apply to and regulate contemporary multinational missions and the array of actors involved these operations are further complicated by changes to the classification of the conflict and the asymmetry of obligations on participants structured into five parts this work seeks through the diversity of its authorship to set out the web of legal regimes applicable to military operations including forces from more than one state it maps out the ways in which different regimes interact beginning with the laws of armed conflict and their relation to international humanitarian and human rights norms and extending through to areas like law of the sea and environmental law a variety of contributors systematically compile and take stock of the various legal regimes that make up the pluriverse assessing how these rules interact exposing norm conflicts areas of legal uncertainty or protective loopholes in this way they identify and evaluate approaches to better streamline the different applicable legal frameworks with a view to enhancing cooperation and thereby ensuring the long term success of multinational military operations

winner of the andrew f krepinevich writing award a 2022 choice reviews outstanding academic title selected for the irregular warfare initiative s inaugural reading list 2022 in today s complex international environment how do the united states china and russia manage the return of great power competition as well as the persistent threat of violent non state actors this book explores shaping the use of military power to construct a more favorable environment by influencing the characteristics of other militaries altering the relationships between them or managing the behavior of allies as opposed to traditional strategies of warfighting or coercion shaping relies less on threats demonstrations and uses of violence and more on attraction persuasion and legitimacy because shaping relies more on soft power than on hard power this approach contradicts the conventional wisdom of the purpose militaries serve kyle j wolfley explores the emergence of shaping in classical strategy and its increased frequency following the end of the cold war when threats

and allies became more ambiguous he illustrates the four logics of shaping attraction socialization delegation and assurance through five case studies of recent major military exercise programs led by the united states china india the united kingdom and russia moreover the author reveals through sentiment analysis and statistics of over one thousand multinational exercises from 1980 to 2016 how major powers reacted to a complex international environment by expanding the number and scope of shaping exercises illuminating an understudied but surprisingly common tool of military statecraft this book offers a fresh understanding of military power in today s competitive international system

a comprehensive treatment of regional transformation offering insights from different theoretical perspectives and generating a range of policy relevant ideas

post cold war china russia strategic cooperation has displayed significant development and become an increasingly important factor in contemporary international politics however there has been no theory grounded framework and corresponding measurements that would allow an accurate and systematic assessment of the level of china russia alignment and its progress over time how closely aligned are china and russia how to define and measure strategic alignments between states this book bridges area studies and international relations literature to develop a set of objective criteria to measure and explain the development of strategic alignment in post cold war china russia relations china russia strategic alignment in international politics establishes that on a range of criteria china russia alignment has been moving towards a full fledged alliance showing a consistent incremental upward trend there are strong structural incentives for furthering the china russia alignment the alignment framework developed in the book is applicable to other cases of interstate strategic cooperation and enables systematic comparisons of different strategic alignments

nations have powerful reasons to get their military alliances right when security pacts go well they underpin regional and global order when they fail they spread wars across continents as states are dragged into conflict we would therefore

expect states to carefully tailor their military partnerships to specific conditions this expectation raymond c kuo argues is wrong following the leader argues that most countries ignore their individual security interests in military pacts instead converging on a single dominant alliance strategy the book introduces a new social theory of strategic diffusion and emulation using case studies and advanced statistical analysis of alliances from 1815 to 2003 in the wake of each major war that shatters the international system a new hegemon creates a core military partnership to target its greatest enemy secondary and peripheral countries rush to emulate this alliance illustrating their credibility and prestige by mimicking the dominant form be it the nato model that seems so commonsense today or the realpolitik that reigned in europe of the late nineteenth century a lone alliance strategy has defined broad swaths of diplomatic history it is not states own security interests driving this phenomenon kuo shows but their jockeying for status in a world periodically remade by great powers

new updated and revised to include new discoveries about the use of weapons in ancient china upheavals in lebanon the winding down of the soviet afghanistan war the invasions of grenada and panama by u s forces the war in the persian gulf and the collapse of the soviet and eastern european communist governments
