Kurt Vonnegut is one of the few American writers since Mark Twain to have won and sustained a great popular acceptance while boldly introducing new themes and forms on the literary cutting edge. This is the Vonnegut Effect that Jerome Klinkowitz finds unique among postmodernist authors in this innovative study of the author's fiction. Klinkowitz examines the forces in American life that have made Vonnegut's works possible. Vonnegut shared with readers a world that includes the expansive timeline from the Great Depression during which his family lost their economic support through the countercultural revolt of the 1960s during which his fiction first gained prominence. Vonnegut also explored the growth in recent decades of America's sway in art which his fiction celebrates and geopolitics which his novels question. A pioneer in Vonnegut studies, Jerome Klinkowitz offers the Vonnegut Effect as a thorough treatment of the author's fiction a canon covering more than a half century and comprising twenty books. Considering both Vonnegut's methods and the cultural needs they have served, Klinkowitz explains how those works came to be written and concludes with an assessment of the author's place in American fiction.

This book looks at how heterosexual relationships really work. The author argues that the process of falling in love is just a brief holiday from the gender roles which quickly reassert themselves in their

old forms topics covered include romantic love the problem of desire and the trouble with love

the persuasion of love examines the implications of believing that the meaning of the universe is love it is axiomatic that the christian faith is about the love of god but john blakely seeks to delve behind this easy assertion by proposing that all human love has god as its source even if marred by human failings and by exploring what it might mean for god to have created out of love viewing theodicy through the lens of love the book finishes with a lyrical reflection on the fact that suffering is built into the universe because of its source in the love of god and that we live in the now and not yet in tension between the glory of creation and the agony of the cross before the future glory of the new creation

from the start of life all of us strive to achieve two goals intimacy with another person and discovery and expression of our own identity all too often however we experience these goals as conflicting being and loving is an outgrowth of dr horner s work as a teacher and psychotherapist in this book she focuses on the image of self and of others formed in the first three years of life and guides readers down a carefully chosen path that leads to workable solution to their problems to all those who have experienced frustration and despair born of conflict between being and loving this book says give it another try

a new philosophy of religion for a secular world how can we live in such a way that we die only once how can we organize a society that gives us a better chance to be fully alive how can we reinvent religion so that it liberates us instead of consoling us these questions stand at the center of roberto mangabeira unger s the religion of the future an argument for both spiritual and political revolution it proposes the content of a religion that can survive without faith in a transcendent god or in life after death according to this religion the religion of the future human beings can be more human by becoming more godlike not just later in another life or another time but right now on earth and in their own lives they can become more godlike without denying the irreparable flaws in the human condition our mortality groundlessness and insatiability
