Kenneth A. Shaw's book is a unique combination of theoretical ideology and practical advice on the art and skill of leadership. He offers a concise definition of leadership as a process of persuasion and demonstrates how specific methods are applied to reach that goal. The book covers a wide range of topics such as self-awareness, conflict resolution, motivating others, decision making, communicating effectively, and group dynamics. Shaw's work encompasses broader views of leadership including issues of diversity and ethics, international leadership, and women in leadership roles. He draws on his extraordinary personal experience to present concrete examples of leadership successes. This book is the essential tool for those who want to study, practice, and perform at the highest levels of leadership, whether it is with small groups or international organizations. Kenneth A. Shaw served as a campus or system president for twenty-seven years at Southern Illinois University, the University of Wisconsin System, and Syracuse University, where he spent his last thirteen years as chancellor. A recipient of eight honorary degrees, Shaw is the author of the successful *President* and numerous articles on leadership and issues in higher education. As chancellor emeritus, he teaches leadership courses at Syracuse University.

Leadership competencies of a clinical trial project manager are unique in that this qualitative inquiry research project not only explores the specific top leadership competencies of project managers involved in pharmaceutical clinical trials but the concepts reviewed in this book are applicable broad spectrum to multiple professional fields. The proposed leadership framework combines elements of leadership competencies, project management competencies, personal competencies, and includes a review of the leadership types from the traits theory of leadership. The leadership concepts described are universal and can be applied to improve any leader's abilities. While this book focuses on clinical trial project managers, the concepts and best practices apply to all PMs within pharmaceuticals or in any other field. The derived PM competency framework is transferrable to PMs in numerous industries and may also provide applicable guidance to others regardless of their profession. Ultimately, the expansion of the PM triangle is a useful concept that many will find interesting. Additionally, personal competencies can improve personal effectiveness, achievements, and actions. This project identified 5 themes to include: a) CTPM experience and knowledge, b) leadership competencies, c) leadership types/styles, d) personal competencies, and e) project management competency development. PMCD.
