essays on medieval law including a number of comparative studies on england and the low countries

first published in 1999 this volume is a study of regional and local co operation across national borders in denmark finland norway sweden and also of regional co operation out of the area across the baltic sea the north sea and in the barents region the focus of the study is on processes of region building co operation between regions across national borders is seen as a creative process and as something that has to be nurtured and guided the authors recognised the need for a work which examined issues crossing nordic borders and made the information more publicly accessible emerging within evolving discussions of regional governance cross border collaborations and nordic co operation the editors have featured three forms of contributions a series of regional case studies collations of data on sub national governments and relating these sub national factors to debates on nordic co operation and european integration authors with specialist regional knowledge examine these processes in detail through case studies which represent the most important of this type of nordic area and provide a view of what may constitute success in such ventures the authors also discuss what such processes may signify for general nordic co operation against the backdrop of european integration and seek to indicate what nordic regions may bring to european regionalism such a discussion is of particular interest since the eu acquired a new nordic dimension when sweden and finland joined contributors articles focus on areas including the kvarken council the arko co operation the internationalisation of finnish and norwegian local government and the resund region the collaboration was published in english in order to better contribute to discussions on cross border interaction more widely particularly in the case of europe

understanding the new global economy a european perspective argues that globalisation is facing economic and political headwinds a new global economic geography is emerging cross border relationships are changing and global governance structures must come to terms with a new multipolar world this book clarifies the fundamental questions and trade offs in this new global economy and gives readers the tools to understand contemporary debates it presents a range of possible policy options without being prescriptive following a modular structure each chapter takes a similar approach but can also be read as a stand alone piece state of the art academic research and historical experiences are weaved throughout the book and readers are pointed towards relevant sources of information this text is an accessible guide to the contemporary world economy suited to students of international economics political economy globalisation and european studies it will also be valuable reading for researchers professionals and general readers interested in economics politics and civil society

as europe moves towards becoming a truly single european market its contribution to global marketing grows this topical text expands upon existing international marketing theory and synthesizes it with colourful examples of relevant international marketing practice topics covered include marketing information systems marketing research product

development pricing issues international promotion distribution channels with a strong theoretical framework this informative text draws out the key issues within the developing european union and the role it plays in marketing around the globe its excellent pedagogy including case studies summaries text boxes and a website to run alongside helps make it a valuable resource for academics and professionals alike visit the companion website at routledge.com/textbooks/0415314178

consumer behaviour satisfies the need for a comprehensive accessible and contemporary textbook which gives significant weighting to issues

this timely volume discusses the much debated and controversial subject of the presence of religion in the public sphere the book is divided in three sections in the first the public private distinction is studied mainly from a theoretical point of view through the contributions of lawyers philosophers and sociologists in the following sections their proposals are tested through the analysis of two case studies religious dress codes and places of worship these sections include discussions on some of the most controversial recent cases from around europe with contributions from some of the leading experts in the area of law and religion covering a range of very different european countries including turkey the uk italy and bulgaria the book uses comparative case studies to illustrate how practice varies significantly even within europe it reveals how familiarization with religious and philosophical diversity in europe should lead to the modification of legal frameworks historically designed to accommodate majority religions this in turn should give rise to recognition of new groups and communities and eventually a more adequate response to the plurality of religions and beliefs in european society

we are only at the beginning of a rapid period of transformation of our economy and society due to the convergence of many digital technologies artificial intelligence ai is central to this change and offers major opportunities to improve our lives the recent developments in ai are the result of increased processing power improvements in algorithms and the exponential growth in the volume and variety of digital data many applications of ai have started to appear in our everyday lives from machine translations to image recognition and music generation and are increasingly deployed in industry government and commerce connected and autonomous vehicles and ai supported medical diagnostics are areas of application that will soon be commonplace there is strong global competition on ai among the usa china and europe the usa leads for now but china is catching up fast and aims to lead by 2030 for the eu it is not so much a question of winning or losing the race but of finding a way to embrace the opportunities offered by ai in a way that is human centred ethical secure and true to our core values the eu member states and the european commission are developing coordinated national and european strategies recognising that we can only succeed together we can build on our areas of strength including excellent research leadership in some industrial sectors like automotive and robotics a solid legal and regulatory framework and very rich cultural diversity also at the regional and sub regional levels

behavioural sciences help refine our understanding of human decision making their insights are immensely relevant for policy making since public intervention works much better when it targets real people rather than imaginary beings assumed to be perfectly rational increasingly governments around the world are keen to rely on those insights for reshaping public interventions in a wide range of policy areas such as energy health financial services and data protection when policy making meets behavioural sciences effective and low cost regulations can emerge in the form of default rules smart disclosure and simplification requirements while behaviourally informed intervention has a huge potential for policymaking it also attracts legitimacy and practicability concerns nudge and the law takes a european perspective on those issues and explores the legal implications of

the emergent phenomenon of behavioural regulation by focusing on the challenges and opportunities it may offer to eu policy making and beyond

first published in 1997 this volume provides a data rich analysis of the party groups in the european parliament their internal organisation cohesion and coalition behaviour are examined the main argument is that their internal organisation is a crucial factor in explaining the behaviour of ep party groups roll call analysis is used to measure group cohesion and coalition behaviour the concept of representation in the transnational ep is studied by a content analysis of members written questions the concluding section sets the work into a broader context by discussing the future of europarties

analyses the status quo of the process of integration of the western balkan countries in the european union
