this new volume of work highlights the distinctiveness of child sla through a collection of different types of empirical research specific to younger learners characteristics of children s cognitive emotional and social development distinguish their experiences from those of adult l2 learners creating intriguing issues for sla research and also raising important practical questions regarding effective pedagogical techniques for learners of different ages while child sla is often typically thought of as simple and often enjoyable and universally effortless in other words as child s play the complex portraits of young second language learners which emerge in the 16 papers collected in this book invite the reader to reconsider the reality for many younger learners chapters by internationally renowned authors together with reports by emerging researchers describe second and foreign language learning by children ranging from pre schoolers to young adolescents in home and school contexts with caregivers peers and teachers as interlocutors

researchers have looked into the role of individual differences in second language learning and found that differences between learners in areas such as language aptitude language learning motivation and exposure to the language influence second language learning most of this research concerned adults far fewer studies have addressed the role of individual differences in second language learning of young learners as second language learning programmes tend to start earlier than before and children are nowadays frequently exposed to a foreign language in social settings such as online games and social media studying the role of individual differences in young learners can contribute both to sla theories and to evidence based l2 education this book discusses recent findings concerning the role of individual differences in language learning in young learners the chapters in the book concern different topics linked to internal individual differences such as language aptitude motivation attitude and external individual differences such as exposure and type of instruction the relative contribution of internal and external factors to language learning and the interplay between the two types of individual differences

integration of newcomers is a foremost challenge for contemporary europe the second generation children born of immigrant parentage is crucial in this process for they constitute a growing and increasingly vocal segment of the metropolitan

youth this book offers an unprecedented look at the real life place and position of the european second generation in education labour social relations religion and identity formation using data collected by the ties survey in fifteen cities across eight european countries the authors paint a vivid picture of how the children of immigrants from turkey morocco and former yugoslavia are progressing their findings and cross national comparisons are demographically compelling and at times revelational

worber sprechen wir wenn wir von migration sprechen der berhitzten debatte ber migrantenstr me fehlt inzwischen die notwendige gelassenheit um aus dem emp rungsmodus herauszutreten das ist aber notwendig um zukunftsfige lungen f r die praxis zu erarbeiten gelungene kommunikation als vorbedingung nimmt dabei eine zentrale position ein dieser band setzt deshalb den fokus auf unterschiedliche aspekte des faktums migration um sowohl den status quo als auch die bedingungen f r erfolversprechende wege in die zukunft auszuloten sowohl in der theoretischen reflexion als auch in der praktischen anwendung

this handbook provides practical suggestions for teachers of second language children in mainstream classrooms it gives detailed advice on all aspects of the needs of children from mobile families in international schools

consists of reprints of various papers bound together in chronological order with title page and table of contents
