an essential guide to restoring our children s behavioral health and wellbeing over the past decade children s mental health challenges have reached epidemic levels stress anxiety childhood depression and suicide are at unprecedented high rates amid high stakes pressure for kids to succeed parents and teachers have never needed a road map to healthy child development more urgently and as psychologist and educator doug bolton explains in this eye opening and powerful guide underlying our modern day stresses is an even more pervasive problem we re relying on practices that are not in line with what science tells us about how to truly motivate children and help them thrive as bolton persuasively argues we need to step away from parenting and teaching based on controlling our children with incentives and punishments they focus on short term compliance at the cost of health development instead creating healthy and strongly bonded communities for our children both in our own families and in our schools is key to their emotional well being and their success in life untethered offers tools to help us create these communities so our kids

develop healthy attachments and learn emotional regulation helping them feel more connected less anxious more included less shamed and more securely grounded the power of communities is not only that they enhance our wellness they buffer us from the impact of trauma and can be a guiding force in helping kids develop resilience weaving in bolton s own experiences as a former principal at a therapeutic school and as a father untethered is a deeply empathetic and powerful guide to combating the isolation we see in this generation today leading them toward a healthier more interconnected future

a guide to podcasting covers such topics as designing a podcast setting up a studio recording a podcast editing techniques distributing a podcast and promoting a podcast

podcasting is a combination of mp3 files internet radio rss really simple syndication and ipods mp3 files are typically individual tracks from music or comedy cds internet radio is done with streaming audio in real time and rss lets your computer automatically keep track of new information posted on websites podcasting combines these technologies to create radio music talk programs that you can download and play on your computer or on an ipod or other portable player not only can you listen to podcasts you can create and distribute your own podcasts without a lot of difficulty many of the techniques already used to publicize a website or a blog can be used to promote a podcast in fact one popular use for podcasting is as an audio blog podcasters can also include images and other data so podcasting can be used for business as well as entertainment it s possible to build training curriculum product briefings marketing presentations and even new employee orientations with podcasts the potential for this field is barely scratched

this is the ebook version of the printed book podcasting for trainers and educators a digital shortcut by nandini shastry and david gillespie in many ways trainers educators professors teachers instructors smes or course developers whatever your title may be if you are responsible for any knowledge transfer process you are the people leading the way for corporations and educational institutions to forge into the new century by learning about new technologies and learning and adapting them to our workplaces and our personal lives we change the mindset not to mention the productivity of the lives of those around us at one time it was the it department who were considered first tier adopters when it came to technology now educators of all types have stepped into this role as well we must learn it before we can teach it it is our belief that

podcasting is the next wave of technology that corporations and educational institutions can immediately use to solve a host of training and business problems this book aims to show you the educator whatever your title may be how you ll learn what podcasting is how to use it what tools you ll need free or inexpensive tools as well how to leverage podcasts in your own place of work and much more in easy to understand non technical terms you ll also find in this book simulation tutorials and demos free resources free templates sample communications for buy in at your place of work video testimonials from existing trainers teachers and professors dave and i have been involved in the areas of teaching training and knowledge management for many years dave has taught at the university level and both of us have much experience with instructor led training e learning and a wide variety of tools from macromedia breeze and captivate to microsoft sharepoint and live meeting we are excited about the possibilities that podcasting brings and we invite you to join us in exploring this new technology you can reach dave or me at [technologyfortrainers yahoo com](mailto:technologyfortrainers@yahoo.com) at any time and we will be happy to talk with you in person you ll find hyperlinks in this e book to all type of resources and examples all over the net
