the portuguese revolution marked the closure of the country s five centuries of imperial history as well as its 48 year authoritarian period a dramatic moment of political radicalization and social conflict that took place against the backdrop of rapid social transformation in an increasingly globalised world this collection goes beyond the limits of national history to locate the revolution at the intersection of transnational historical phenomena such as the long 1960s the cold war the emergence of the third world and postwar modernization foregrounding the complex geographies and chronologies of semi peripheral portugal this book combines its status as the centre of a global empire with its subaltern position in europe offering a new global approach to this still understudied event chapters explore transnational socialist and grassroots forms of solidarity processes of global communication and cultural revolution decolonization feminism and socio economic transformations to offer a non eurocentric global history from within europe itself

collecting more than 200 sources in the global history of feminism this anthology supplies an insightful record of the resistance to patriarchy throughout human history and around the world from writings by enheduana in ancient mesopotamia 2350 bce to the present day manifesto of the association of women for action and research in singapore feminist writings from ancient times to the modern world a global sourcebook and history excerpts more than 200 feminist primary source documents from africa to the americas to australia serving to depict feminism as much broader and older than simply the modern struggle for political rights and equality this two volume work provides a more comprehensive and varied record of women s resistance cross culturally and throughout history the author s goal is to showcase a wide range of writers thinkers and organizations in order to document how

resistance to patriarchy has been at the center of social political and intellectual history since the infancy of human civilization this work addresses feminist ideas expressed privately through poetry letters and autobiographies as well as the public and political aspects of women's rights movements

forges a new understanding of how these two lusophone nations are connected the closely entwined histories of portugal and brazil remain key references for understanding developments past and present in either country accordingly fernando arenas considers portugal and brazil in relation to one another in this exploration of changing definitions of nationhood subjectivity and utopias in both cultures examining the two nations shared language and histories as well as their cultural social and political points of divergence arenas pursues these definitive changes through the realms of literature intellectual thought popular culture and political discourse both brazil and portugal are subject to the economic political and cultural forces of postmodern globalization arenas analyzes responses to these trends in contemporary writers including jose saramago caio fernando abreu maria isabel barreno vergilio ferreira clarice lispector and maria gabriela llansol ultimately utopias of otherness shows how these writers have redefined the concept of nationhood not only through their investment in utopian or emancipatory causes such as marxist revolution women's liberation or sexual revolution but also by shifting their attention to alternative modes of conceiving the ethical and political realms

although positivism dismissed myths as childish fancy bound to be superseded by reason there has been a continuous reappraisal of the power of myths since the 19th century once viewed as primitive and unreliable accounts and an inadequate and distorted form of

knowledge myths came to be perceived as exemplary narratives consisting of rich and complex symbolic constructs that carry meaning and a connection to reality myths then came to be regarded as a privileged expression of the human soul and of its possibly submerged and unconscious abysses and dramas rather than inherently obscure and elusive to a rational grasp mythical narratives would therefore be driven by logical reasoning giving shape to a particular worldview of life and humankind the enduring power of mythical narrative is attested to by its very plasticity subject to multiple recreations informed by changing concerns and insights mythical narratives have thus attracted the interest of various disciplines from ethnology and history to philosophy literature sociology politics the history of religions and art history this interdisciplinary volume studies how myths are inscribed and recycled within both individual and collective heritage and examines the personal and political implications of multifaceted engagement with myths as one of the forms through which societies try to make sense of their perplexities
