our summary is short simple and pragmatic it allows you to have the essential ideas of a big book in less than 30 minutes by reading this summary you will learn that vaccination is not a danger but an act of citizen protection you will also learn that over time vaccination has always inspired fear and mistrust paradoxically man aspires to immunize himself against diseases

while rejecting the foreign body that offers it to him suspected of containing toxic substances associated with sexual immorality or accused of embodying the evils of capitalism vaccines are the object of a multitude of fantasies this fierce resistance is very often that of privileged populations each vaccinated person is the guarantor of collective immunization for a better protected and more serene society it is necessary to restore confidence in medicine to tame individualism and fear of others vaccination is one of the most emotional issues in the world of medicine it involves not the individual alone but the choice of a parent in fact while everyone aspires to protect their children from harm and suffering vaccines have always aroused anxieties this dilemma is based on a fundamental problem of trust that questions governments the pharmaceutical industry and the medical institution between historical cultural roots and scientific realities you will find here the keys to better understand and overcome your fears immunize yourself buy now the summary of this book for the modest price of a cup of coffee

on becoming a new mother eula biss addresses a chronic condition of fear fear of the government the medical establishment what is in your child s air food mattress medicine and vaccines she finds that you cannot immunize your child or yourself from the world biss investigates the metaphors and myths surrounding our conception of immunity and its implications for the individual and the social body as she hears more and more fears about vaccines biss researches what they mean for her own child her immediate community america and the world historically and in the present moment she extends a conversation with other mothers to meditations on voltaire s candide bram stoker s dracula rachel carson s silent spring susan sontag s aids and its metaphors and beyond on immunity is a moving account of how we are all interconnected our bodies and our fates publisher s description
