questo lavoro approfondisce i percorsi di diffusione del sufismo in europa a partire dalle conversioni di alcune figure che all'inizio del 900 hanno coniugato originali esperienze di vita con la scelta religiosa e politica di adesione all'islam sufi il sufismo □ diffuso in tutti i paesi a maggioranza musulmana e anche in occidente dove ad attrarre □ la sua dimensione e rituale e intellettuale grazie a una rete di vie e di guide spirituali della tradizione islamica nel volume si vuole esplorare il nesso tra scelta spirituale e scelta politica di adesione a un modello sociale percepito spesso come alternativo a quello occidentale a partire dai casi analizzati la contestazione del colonialismo l'eredità cattolica e la militanza civile e come la conversione investa anche il processo di soggettivazione e la dimensione sociale e politica del sufismo ancora poco indagata

autonomic networking aims to solve the mounting problems created by increasingly complex networks by enabling devices and service providers to decide preferably without human intervention what to do at any given moment and ultimately to create self managing networks that can interface with each other adapting their behavior to provide the best service to the end user in all situations this book gives both an understanding and an assessment of the principles methods and architectures in autonomous network management as well as lessons learned from the ongoing initiatives in the field it includes contributions from industry groups at

orange labs motorola ericsson the ana eu project and leading universities these groups all provide chapters examining the international research projects to which they are contributing such as the eu autonomic network architecture project and ambient networks eu project reviewing current developments and demonstrating how autonomic management principles are used to define new architectures models protocols and mechanisms for future network equipment provides reviews of cutting edge approaches to the management of complex telecommunications sensors etc networks based on new autonomic approaches this enables engineers to use new autonomic techniques to solve complex distributed problems that are not possible or easy to solve with existing techniques discussion of focale a semantically rich network architecture for coordinating the behavior of heterogeneous and distributed computing resources this provides vital information since the data model holds much of the power in an autonomic system giving the theory behind the practice which will enable engineers to create their own solutions to network management problems real case studies from the groups in industry and academia who work with this technology these allow engineers to see how autonomic networking is implemented in a variety of scenarios giving them a solid grounding in applications and helping them generate their own solutions to real world problems

nada le gusta más a un escritor que relatar las tragedias de otros escritores que peripecias sufrieron hasta la publicación o después que jugarretas les hicieron el editor o la familia que enfermedades que pérdidas sufrieron se entiende que el escritor feliz triunfador y amado es un personaje de ficción pero pocas veces este interés algo morboso se transforma en el libro extraordinario que está usted a punto de abrir porque para ello hace falta un escritor que lea y esta obra es por encima de todo la demostración de fuerza de un escritor que lee y hace falta reflexionar a fondo sobre el futuro de la literatura y sobre lo que nos enseñan los libros que no tenemos en la estantería los censurados tachados quemados prohibidos los que no escribieron los autores silenciados bloqueados dementes o suicidas y con perdón los que se plagiaron piratearon o se robaron este libro tachado no pretende ser una historia de la literatura pero es la historia que un lector no puede dejar de leer

un libro che ci costringe a pensare slavoj iñek negli ultimi secoli il modello capitalista è uscito rafforzato da ogni crisi economica quella scoppiata nel 2008 tuttavia si è trasformata in una crisi sociale e infine in un autentico sconvolgimento dell'ordine mondiale il dimostrato incapace di far fronte alle minacce del riscaldamento globale dell'invecchiamento della popolazione dei rischi per la salute in un mondo globalizzato e dell'incontrollato boom demografico nel sud del mondo è dunque pensabile superare questo modello economico tanto a lungo ha avuto l'egemonia secondo paul mason le premesse di una nuova strada

possibile sono già visibili oggi ripercorrendo la storia del capitalismo tracciando una mappa delle sue attuali contraddizioni mason ci mostra come dalle ceneri del fallimento economico dell'occidente sia nata l'opportunità di costruire una società più umana equa e sostenibile grazie in primis alle tecnologie informatiche che stanno permettendo a una nuova economia di rete di emergere un'economia che propone un nuovo modo di produzione collaborativo che non risponde ai dettami del profitto e della gerarchia manageriale ma ai principi della condivisione della responsabilità reciproca e della gratuità e quelle che oggi sono solo delle nicchie hanno tutti i presupposti per ingrandirsi fino a mutare profondamente il modello economico predominante

compendio de información básica sobre los distintos países del mundo su historia geográfica económica política instituciones y principales desafíos sociales y ambientales utilizando mapas fotografías gráficos y tablas estadísticas también incluye diversos informes sobre temas clave actuales crisis alimentaria crisis energética crisis económica el papel de la mujer en el mundo pueblos sin patria y desplazados cuestiones políticas etc

el globalismo está en crisis mientras el totalitarismo monetario concentra cada vez más poder en menos manos la prosperidad declina y la libertad se desvanece este libro analiza las causas profundas de la crisis actual desde la escasez energética hasta la manipulación financiera y propone alternativas revolucionarias para el futuro la autodeterminación monetaria a través de las criptomonedas una nueva bioeconomía basada en la energía y una democracia digital descentralizada la revolución posglobalista energía dinero y democracia a través de un riguroso análisis que combina filosofía económica y física rais busom desvela los mecanismos ocultos del poder globalista y su agenda la obra examina cómo la crisis energética el control monetario y la manipulación social están reconfigurando nuestro mundo al tiempo que propone soluciones innovadoras basadas en la tecnología blockchain y una nueva concepción de la economía termodinámica un texto fundamental para entender los desafíos de nuestro tiempo y vislumbrar un horizonte posglobalista donde la humanidad pueda prosperar rais busom es experto en pensamiento crítico aplicado a la transformación de personas y organizaciones su formación multidisciplinar en filosofía administración de empresas e ingeniería de software junto con su experiencia como docente universitario e investigador le permite ofrecer una visión única y profunda de los cambios que están transformando nuestra sociedad su trayectoria profesional en proyectos de transformación y estrategia digital aporta una perspectiva práctica a su análisis del futuro posglobalista
