this handbook provides an up to date advanced analysis of all relevant issues involved in educational research the expert contributors represent diverse fields within and outside education as well as quantitative qualitative and mixed method approaches to research

case study from the year 2015 in the subject english language and literature studies linguistics grade 1 7 university of bonn course english words structure history and usage language english abstract the history of the english lexicography offers through its numerous works that have survived up to our days a great opportunity to observe not only the semantic development of words but also their layout in a page from their fonts styles and sizes to the structure of their meanings and the later acquisition symbols and abbreviations online availability of historical dictionaries enables us to study comparatively and diachronically the curriculum vitae of words through which we can reconstruct a morpho semantic overview that links past with present usages and meanings including their semantic development e g polysemy shifted meanings etc spelling variations etymological suggestions and other valuable pieces of information in many cases due to the scientific achievements and rapid changes that occur in the human societies it is possible to observe how social and cultural changes may have been captured within a particular definition or an etymological explanation the current study focuses on the analysis of four dictionary entries how do the meanings of the selected words evolve semantically and what does each lexicographer offer to the reader as we approach modern times due to the restricted length available for this paper the early seventeenth century has been set as starting point for this work more precisely robert cawdrey s table alphabeticall 1604 a most well known work regarded today as the first monolingual english dictionary a total of ten important dictionaries up to the digital oed will be used the aim is to demonstrate through a comparative approach what semantic changes have taken place throughout the definitions what has survived or become obsolete over time and what is the semantic status of today s definitions within the selected headwords

analyzing the dimensions of the struggle for effective health care in the developing countries this study demonstrates how current governmental and donor agency policies in such countries as uganda ghana nepal pakistan and vietnam have failed to develop efficient systems the author argues against the current emphasis on decentralization and privatization and outlines a framework for a long term approach that should bring benefits and improvements in health care

the book is a concise and very readable guide to case study research it includes a good introduction to the theoretical principles underlying qualitative research and discusses a wide range of qualitative approaches namely naturalistic holistic ethnographic phenomenological and biographic research methods stake offers some useful practical advice for example on how to conduct in depth interviews how to analyze qualitative data and on report writing stake writes in a rather unusual and very personal style but this makes the text very readable the author s obvious passion for research makes the text even more enjoyable and stimulating the book seems particularly appropriate for those undertaking this type of research in the fields of education and social policy ivana la valle in social research association news it is gratifying to encounter a text so cogently advocating the case study method aka naturalistic fieldwork as a legitimate knowledge enhancing endeavor sala horowitz in academic library book review i have just finished a qualitative case study based almost entirely on interviews with engineering students the two sources on which i depended most heavily were robert e stake s the art of case study research and harry f wolcott s writing up qualitative research i have heard others sing the praises of different works and i have referred to them but favor the two mentioned terry c hall ed d independent scholar this volume consolidates and elaborates ideas robert e stake articulated in earlier journal articles and chapters in a form that is useful and readily accessible to both practitioners and students of educational research methods his unusually personal presentation style and innovative format for sharing practical tips through authentic examples add to the main treasure of his new book an incomparable sophistication about research epistemology and practice his vast experience in the field and in the classroom and his intimate knowledge of the literature intersect providing the reader with an unusually comprehensive portrayal of a specialized field the art of case study research is a significant contribution to research methodology literature and will undoubtedly assume quick popularity as a text linda mabry indiana university bloomington a concise and readable primer for doing case study research the fruit of many years of

experience and wisdom robert e stake's book is also valuable as a genuine attempt to integrate rather than pick arguments with the best there is of contending approaches to qualitative inquiry a michael huberman harvard university and the network inc the art of case study research is most useful to novices in qualitative inquiry i could see using it in combination with other texts or readings in an introductory course to qualitative research methods or in a research methods survey course because of its readable style and wellspring of examples and helpful suggestions both graduate and undergraduate students will find the book useful researchers seeking to more fully understand the case study approach as perceived by one of the leaders in case study work will also pick up this book researchers and policymakers in social service agencies may also be interested because case studies are increasingly part of evaluation strategies corrine glesne university of vermont unique in his approach and style robert e stake draws from naturalistic holistic ethnographic phenomenological and biographic methods to present a disciplined qualitative exploration of case study methods in his exploration stake uses and annotates an actual case at harper school to demonstrate to readers how to resolve some of the major issues of case study research for example how to select the case or cases that will maximize learning how to generalize what is learned from one case to another and how to interpret what is learned from a case uniquely this book legitimizes direct interpretation as a case research method it covers such topics as the differences between quantitative and qualitative approaches to case study data gathering including document review coding sorting and pattern analysis the roles of the researcher triangulation and reporting a case study also provided are end of chapter workshops that help students focus on new concepts written with the inspired and thought provoking style of a master storyteller the art of case study research helps readers chart their way through the labyrinth of case study research

is the design process the most essential experience of professional conduct is the office studio environment the only place for the convergence and testing of ideas can the office environment foster a variety of learning experiences given the rapid pace of change in the design professions how will the design office be organized this book reflects on how these issues accentuate the dramatic change underway in the management and delivery of design services through architect and professor marvin malecha's writings and course dialogues

decision support systems issues and challenges covers the proceedings of the international institute for applied systems

analysis iiasa international task force meeting the book reviews papers that tackle issues about decision support systems dss comprised of 17 chapters the book organizes the chapters according to the topic of discussion including framework resource discipline application experience and issues for the future in dss the opening chapter is an introduction to the main topic of the book chapter 2 discusses frameworks for research on decision support systems and cha
