rang dale s pharmacology provides you with all the knowledge you need to get through your pharmacology course and beyond drs humphrey p rang maureen m dale james m ritter rod flower and graeme henderson present a clear and accessible approach to the analysis of therapeutic agents at the cellular and molecular level through detailed diagrams full color illustrations and pedagogical features find and cross reference information quickly using a color coded layout that makes navigation easy effectively understand and review key concepts through detailed diagrams and full color illustrations that clarify even the most complex concepts reinforce your learning with key points boxes and clinical uses boxes that highlight crucial information and clinical applications apply current best practices and clinical applications through thoroughly updated and revised drug information stay current with the latest developments in the field thanks to major updates in chapters such as how drugs act amino acid transmitters analgesic drugs antidepressant drugs and drug addiction dependence abuse tap into comprehensive content tailored to your courses with new and

reorganized chapters on host defense inflammatory mediators pharmacogenetics pharmacogenomics personalized medicine hydroxytopomine the pharmacy of migraine and purines

Rang and Dale's Pharmacology is internationally acknowledged as the core textbook for students of pharmacology and has provided accessible up to date information on drugs and their mechanism of action for more than 30 years. Now in its tenth edition, it has been updated to include important new drugs such as gene therapies, personalised medicines and the new wave of RNA drugs. However, it has not lost any of the elements that have contributed to its popularity such as color coding and illustrations, making it reader friendly while comprehensively covering the depth of detail required. This essential book is recommended as the first choice undergraduate text for science and medical students and junior doctors, and will also be useful for students in other professional disciplines such as pharmacy, veterinary medicine and nursing. Comprehensive information on drug mechanisms, basic physiology and biochemistry and underlying pathophysiology of disease, suitable for students from many disciplines. Clear figures to aid understanding, including data figures as well as mechanistic diagrams. Key points box summaries, clinical boxes and colour coded chapters help to master difficult concepts. Emphasis on therapeutic drugs to help apply theory to practice. Over 150 questions and 12 clinical cases to test your knowledge. An enhanced ebook version is included with purchase. The ebook allows you to access all the text figures and references with the ability to search, customise your content, make notes and highlights, and have content read aloud. New chapters on drugs and the eye and the pharmacological management of headache. Revised information on biopharmaceuticals including RNA drugs, antivirals including COVID-19 therapies, as well as general principles of antimicrobial therapy. A completely revised and updated chapter on lifestyle drugs, recent advances in oxygen sensing and response to reduced oxygen tension, expanded chapters on dementia and analgesic drugs.

World renowned coverage of today's pharmacology at your fingertips keeps you up to date with new information in this fast changing field, including significantly revised coverage of CNS drugs, cognitive enhancers, anti-infectives, biologicals, biopharmaceuticals, lifestyle drugs and more. Includes access to unique features including more than 100 brand new chapter specific multiple choice questions and 6 new cases for immediate self-assessment. Features a color coded layout for faster navigation and cross referencing, clarifies complex concepts with key points boxes, clinical uses boxes and full color illustrations throughout.

For 25 years Rang and Dale's Pharmacology has delivered the core basic and clinical science information required by students and healthcare practitioners worldwide. Authors H.P. Rang, J.M.
