this book examines nobrow a cultural formation that intertwines art and entertainment into an identifiable creative force in our eclectic and culturally turbocharged world the binary of highbrow vs lowbrow is incapable of doing justice to the complexity and artistry of cultural production until now the historical power aesthetic complexity and social significance of nobrow arertainment have escaped analysis this book rectifies this oversight smart funny and iconoclastic it scrutinizes the many faces of nobrow throwing surprising light on the hazards and rewards of traffic between high entertainment and genre art

this book is a re examination of the critic whose congressional testimony sparked the comics code bart beaty traces the evolution of wertham s attitudes toward popular

culture and reassesses his place in the debate about pop culture's effects on youth and society when the seduction of the innocent was published in 1954. Wertham (1895-1981) became instantly known as an authority on child psychology although he had published several books before seduction. Its sharp criticism of popular culture in general and comic books in particular made it a touchstone for debate about issues of censorship, child protection and freedom of speech. This book reinterprets his intellectual legacy and challenges notions about his alleged cultural conservatism drawing upon Wertham's published works as well as his unpublished private papers, correspondence and notes. Beaty reveals a man whose opinions, life and career offer more subtlety of thought than previously assumed. In particular, the book examines Wertham's change of heart in the 1970s when he began to claim that comics could be a positive influence in American society.

Mystery, Violence and Popular Culture is John G. Cawelti's discussion of American popular culture and violence from its precursors in Homer and Shakespeare to the Lone Ranger and Superman. Cawelti deciphers the overt sexuality, detached violence and political intrigue embedded within Batman and 007. He analyzes the work of such famous pop culture icons as Alfred Hitchcock, The Beatles and Andy Warhol and looks at a range of films from Psycho and Dances with Wolves and literature from The Waste Land to Catch 22. Examples from popular movies, television, literature and music according to the author characterize the evolving psychological, sociological and political state of a nation. The book explores the relationship between racial and cultural groups in popular media such as Dr. Quinn, Medicine Woman. Here also are new perspectives on mystery literature, the detective story and twentieth-century mystery writers from one of the founders of popular culture studies.

Widely acknowledged as the most authoritative art critic of his generation, Hilton Kramer advanced his comments and judgments largely in the form of essays and short pieces. Thus, this first collection of his work to appear in twenty years is a signal event for the art world and for criticism generally. The triumph of modernism not only traces the vicissitudes of the art scene but diagnoses the state of modernism and its vital legacy in the postmodern world. Mr. Kramer bracingly updates his incisive critique of the artists, critics, institutions and movements that have formed the basis for modern art. Appearing for the first time in greatly expanded form is his consideration of the foundations of modern abstract painting and the future of abstraction. The aesthetic intelligence that Mr. Kramer brings to bear on certain tired assumptions about modernism, many of them derived from methodologies and politics that have little to do with art, helps rescue the artwork itself and its appreciation from the very institutions such as the art museum and the academy that purport to foster it. Always clear-eyed and vastly illuminating, Hilton Kramer's art criticism remains among the very finest written in the past hundred years. Readers of the triumph of modernism will be treated to an exhilarating experience.

From Lowbrow to Nobrow vindicates popular fiction as an art form that expresses and reflects the aesthetic and social values of its readers.
