plan to win leaders guide to creating breakthrough business strategy someone very wise once said the world is not short on strategy its short on execution and the evidence bears this out as most business plans whether for a start up or a mature business end up stacked on office bookshelves or buried in file drawers using his vast experience of guiding companies of all sizes throughout the world peter von braun knows that the key to developing a truly winning business strategy is to follows a disciplined and scientific process that quickly cuts to the important issues and includes the managers who are critical to executing the plan planning and execution are interdependent which is why planners and implementers need to work together from the beginning of plan development plan to win outlines a clear step by step process using the four market tested principles of successful strategies and helps the reader avoid the most common mistakes of strategic business planning as a serious student of military strategy von braun draws upon the great prussian strategic thinker karl von clausewitz to provide the first three principles 1 concentrate on the most important goal 2

commit sufficient resources up front to ensure success and 3 continue to focus on the goal until success is achieved to these three the author peter von braun adds the fourth imperative bring your key people together in the process of creating a business plan that will be understand committed to and most importantly acted upon that's not to say the strategy should be a big group think exercise the key is to follow a disciplined and scientific process that can cut through the unimportant information and focus on the meat of the opportunity the author guides the reader through the step by step process of identifying the core issues and developing the winning strategy using the first round strategic framework created during a real world case study creating a strategic plan is hard work but by following the principles put forth in this book effectively and thoroughly success is far more likely this is a terrific book for business owners and executives division managers strategic planners young executives interested in finding tools to further their careers students and those interested in strategy

in this second part of the strategy handbook jeroen kraaijenbrink offers a refreshing and practical approach to strategy execution that completes the strategy process outlined in part 1 grounded in both research and practical experience the book provides a structured approach to making strategy execution work in an enjoyable and to the point style the strategy handbook guides you through a four step approach to strategy execution and shows you how this approach can be tailored to the specific needs of an organization like part 1 the book comes with a wealth of advice tools and checklists that can be applied immediately in the everyday practice of any organization wanting to execute strategy the book serves as a complement to part 1 but can also be used separately the book is again easy to understand and to apply rooted in research though it demonstrates a deep awareness of the complexity and difficulty of strategy execution in practice through this effective combination of simplicity and depth part 2 of the strategy handbook is a must read for novices and

more seasoned executives managers and entrepreneurs

this is the first book devoted to examining why some issues proposed by aggrieved individuals or groups are denied access to policy agendas the book contains case studies that look at the policy process from the perspective of the strategies opponents often use to ensure agenda denial strategies usually motivated by perceived threats to widely held world views and identities
