the object of the present work is to determine what is central in the christian proclamation we are tempted to represent as the kernel or essence of this proclamation that which appeals to us personally and to consider as external and dispensable framework that which is strange to us it is due to the richness of the christian message that the question as to the central element from which all the other features are to be explained arises at all and the endeavor to determine this central element must be designated the one great task of new testament scholarship and perhaps of all christian theology from the foreword

from studying paul s letter to the romans we can learn the content of the christian faith like nowhere else in the new testament paul s words are loaded with divine truth and require careful study and thought indeed the letter to the romans is a theological jewel but paul s discussions in the letter are sensible and practical as the name of the letter indicates paul wrote it to a church in a city known as rome at the same time without knowing it he wrote it to the whole world and for all the ages supporting the efforts of cross cultural ministry and providing a key to understanding the bible so even though this great letter was addressed to the saints in rome during the first century its message is eternal and its mandates are universal french l arrington

the saviour of the world book was written from a raw research style point of view in a crude way to illustrate the idea of ages or aeons or olams by indulging into the various occurrences of the word in the bible possible exegesis to its meanings are explored with known christ centered universalist scholars quoted and analyzed apart from that the author adds support exegesis in that direction even sometimes diverting into unrelated topics to highlight certain common misconceptions or warn against some sins which may have been taken lightly at large this book developed out of a personal interest and curiosity over this topic and thus the author maintains his thoughts on the matter though mingled with certain unrelated subjects to defend more of the literal view of biblical exegesis
