first published in 1972 this is a book of essays offered in honour of paul rosenstein rodan the distinguished economist whose career started in mid 1920s vienna and subsequently spanned europe britain the usa and many of the less developed countries of the world the book includes reviews of past developments chapters on development trade and value theory an assessment of contemporary emerging economic patterns development and trade policy and investment policy further essays cover the intellectual history of development economics general aspects of growth and economic policy in underdeveloped countries and the problems of income distribution and sectoral and regional development

this handbook provides an accessible critical review of the complex issues surrounding development and social change today with chapters from recognized experts examining economic political and social aspects and covering key topics and developing regions it goes beyond current theory and sets out the debates which will shape an approach better suited to the modern world

in recent years africa has undergone the longest period of sustained economic growth in the continent's history drawing the attention of the international media and academics alike this book analyses the africa rising narrative from multidisciplinary perspectives offering a critical assessment of the explanations given for the poor economic growth and development performance in africa prior to the millennium and the dramatic shift towards the new africa bringing in perspectives from african intellectuals and scholars many of whom have previously been overlooked in this debate the book examines the construction of africa's economic growth and development portraits over the years it looks at two institutions that play a vital role in african development providing a detailed explanation of how the world bank and the imf have interpreted and dealt with the african challenges and experiences the insightful analysis reveals that if africa is rising only 20 30 per cent of africans are aboard the rising ship and the main challenge facing the continent today is to bring on board the majority of africans who have been excluded from growth

this book makes the complex and sometimes confusing debates on africa s economic growth experience more accessible to a wide range of readers interested in the africa story it is essential reading for students and researchers in african studies and will be of great interest to scholars in development studies political economy and development economics

a theoretical framework aiming to facilitate study of development economics the author presents his theory in three sections how advanced nations developed a proposed third dimension in addition to labour and capital and why capital accumulation is unnecessary even potentially harmful

this book constitutes the refereed proceedings of the third international conference on digital economy icdec 2018 held in brest france in may 2018 the conference was founded in 2016 to discuss innovative research and projects related to the support role of information system technologies in the digital transformation process business innovation and e commerce the 15 papers presented in this volume were carefully reviewed and selected from 41 submissions the theme of icdec 2018 was digital economy emerging technologies and business innovation the papers were organized in topical sections named digital marketing e banking and competitive intelligence information system technologies and e learning e government and e health

in light of turkey s eu bid and the successful imf led disinflation program this book explores the evolution and performance of the turkish banking sector analyzing the repercussions of overall economic structure financial crises and political instability on its financial sector it scrutinizes the prospects for the future of banking sectors
