*the discipline of social history has still not given enough attention to the ways in which the perceptions and roles of ordinary people changed over time in these fascinating british and dutch cases we see how the study of this evolution imparts historical texture and enables us to understand early modernity with greater clarity*

moses david joseph peter paul these are just some of the well known names of the bible they are the subject of countless sermons and stories that have inspired bible lessons from childhood to adulthood but scripture also contains a supporting cast of ordinary men and women often overlooked in bible study these lesser known characters

the book engages with an urgent and disturbing question how are ordinary people readied to willingly kill others in the name of a cause it compares narratives of actors in domains often assumed incomparable in academic discourse naxalites studied within the framework of peasant rebellion social movement or recently even terrorism and hindu rioters viewed mostly under the broad rubric of ethnic violence the book draws from the author s extensive and painstaking fieldwork first with naxalite armed cadre across seven districts in jharkhand and bihar and later with participants in the 2002 riots in gujarat viewed from the standpoint of the perpetrator or foot soldier the book bridges hitherto sacrosanct boundaries between left extremist and communal violence making available a whole new dimension to the study of social mobilisation the politics of identity and with far reaching implications discovers deep commonalities in the life worlds and aspirations of those motivated to kill in the name of a cause in apparently disparate contexts the findings of this compelling analysis of human actors ordinary people driven to extraordinary violence will interest the informed general reader as also those interested in sociology politics violence studies ethnic movements naxalism policy studies and peace conflict studies

trans reality television the transgression of reality genre politics and audience offers an overview of contributions which engage with the phenomenon of reality television as a tool to reflect on societal and mediated transformations and transgressions while some contributors delve deep into the theoretical issues others approach the topic at hand through empirical studies of specific reality television formats and programs the chapters in this volume are divided into four sections all of which deal with how we see the fluid social at work in reality television through the trans real trans politics trans genre and trans audience the first section stresses the concept of the trans real these chapters go into the complexity of the construction of reality in reality television the second section which deals with the concept of trans politics offers a diversity of perspectives on the articulation and re articulation of politics and the political in the third section trans genre the chapters analyze how the modern conceptualizations of genre and format are transcended finally the last set of chapters articulate the concept of trans audiences using case studies of particular audiences and a study of reality celebrities trans reality television concludes by returning to the sense and nonsense of the use of these post concepts

describes a youth s breakdown and recovery and how it affects his family copyright libri gmbh all rights reserved

religion and science often appear to cause conflict in american public life but why this book reports the results from the first study to combine large scale empirical analysis of multiple religion and science debates with in depth research into what americans actually want from public life the surprising finding is that apparent conflicts involving religion and science reflect a more fundamental conflict between media elites and ordinary americans over what good debate should be raising profound questions about the future of the public sphere and american democracy provided by publisher
