the great lie of the civil war if you think the civil war was fought to end slavery you ve been duped in fact as distinguished military historian samuel mitcham argues in his provocative new book it wasn t about slavery no political party advocated freeing the slaves in the presidential election of 1860 the republican party platform opposed the expansion of slavery to the western states but it did not embrace abolition the real cause of the war was a dispute over money and self determination before the civil war the south financed most of the federal government because the federal government was funded by tariffs which were paid disproportionately by the agricultural south that imported manufactured goods yet most federal government spending and subsidies benefited the north the south wanted a more limited federal government and lower tariffs the ideals of thomas jefferson and when the south could not get that it opted for independence lincoln was unprepared when the southern states seceded and force was the only way to bring them and their tariff money back that was the real cause of the war a well documented and compelling read by a master historian it wasn t about slavery will change the way you think about abraham lincoln the emancipation proclamation and the cause and legacy of america s momentous civil war
