in this first ever showcase of his work gregory heisler one of professional photography s most respected practitioners shares

50 iconic portraits of celebrities athletes and world leaders along with fascinating thoughtful often humorous stories about how the images were made from his famously controversial portrait of president george h w bush which led to the revocation of heisler s white house clearance to his evocative post 9 11 time magazine cover of rudolph giuliani to stunning portraits of julia roberts denzel washington hillary clinton michael phelps muhammad ali and many more heisler reveals the creative and technical processes that led to each frame for heisler s fans and all lovers of photography gregory heisler 50 portraits offers not only a gorgeous collection of both black and white and color portraits but an engrossing look at the rarely seen art of a master photographer at work with a foreword by new york city mayor michael r bloomberg

photographs of cultural significance that document people and places from around the world images from north south and central america europe africa and asia the photographs in this book were created between 1997 and 2018 the images were made in 35mm format using transparencies or digital files the final images are rarely cropped and very minimally manipulated the subjects were not staged but sometimes they would pose for the camera

this volume chronicles gregory crewdson s twilight series elaborate tableaux that capture bizarre surrealities behind deceptively familiar suburban facades the images are accompanied by an essay from rick moody a novelist renowned for exposing the underbelly of small town middle class america

in 1953 alfred gregory was chief photographer for the triumphant british team that took edmund hillary and tenzing norgay to the summit of everest there he took spectacular photographs that record not only the human struggle to conquer the himalaya but also the once pristine beauty of the world s highest mountain in the years that followed alfred gregory travelled the world

leading mountaineering expeditions and recording cultures and landscapes that were then largely unknown to westerners he also captured the character excitement and fading innocence of his hometown blackpool his keen eye and sharp intelligence created pictures that portray all the majesty of the world s greatest wildernesses and that preserve those fleeting moments when ordinary people objects and places become extraordinary in this stunning book more than one hundred remarkable images from alfred gregory s lifetime of photography are brought together for the first time

in the aftermath of covid 19 the subject of empty places has gained renewed topicality and resonance watching waiting presents a collection of essays that brings emptiness into interdisciplinary focus as an object of study that extends beyond the present the contributors approach the specific interrelationships of photography and place through emptiness by considering historical and contemporary material in equal measure drawing on architecture anthropology sociology and public health among other fields they provide insights into geographically and temporally diverse production models of empty places and their corresponding complex and sensitive global and local relations while also tackling the ethics of behaviour and protests that unfold within them the book s chapters both photographic and scholarly essays cover areas that range widely both thematically and geographically spanning static film footage of nicosia s buffer zone protest photographs in the wake of the black lives matter movement in bristol staged images from the university of zagreb s ethnological archives historic landscape and architectural photography aerial shots of covid 19 mass graves in brazil photos of artificially built field hospitals and quarantine rooms during the pandemic and images of empty airports at night through still and moving images watching waiting examines the photographic aestheticisation of emptiness existing stereotypes of empty places and transformations of human experiences

noël carroll a brilliant and provocative philosopher of film has gathered in this book eighteen of his most recent essays on cinema and television what carroll calls moving images the essays discuss topics in philosophy film theory and film criticism drawing on concepts from cognitive psychology and analytic philosophy carroll examines a wide range of fascinating topics these include film attention the emotional address of the moving image film and racism the nature and epistemology of documentary film the moral status of television the concept of film style the foundations of film evaluation the film theory of siegfried kracauer the ideology of the professional western and films by sergei eisenstein and yvonne rainer carroll also assesses the state of contemporary film theory and speculates on its prospects the book continues many of the themes of carroll s earlier work theorizing the moving image and develops them in new directions a general introduction by george wilson situates carroll s essays in relation to his view of moving image studies

in a american photographer gregory halpern born 1977 leads us on a ramble through the beautiful and ruined streets of the american rust belt the cast of characters both human and animal are portrayed with compassion and respect by this native son of buffalo now professor at the rochester institute of technology the cities he is drawn to baltimore cincinnati omaha detroit share similar histories with his hometown and in this post apocalyptic springtime all forms of life emerge and run riot on the heels of halpern s two previous books harvard works because we do a portrait of harvard university through the eyes of the school s service employees and omaha sketchbook a lyrical artist s book portrait of the titular city acontinues the photographer s investigations of locations and persons that fly under the radar

however beautiful or technically dazzling your photographs might be if they don t tell a story convey an idea or make your

viewer stop and think they are unlikely to make a lasting impression context and narrative in photography introduces practical methods to help you plan develop and present meaningful communicative images with dozens of examples from some of the world's most thought provoking photographers this is a beautiful introduction to a fascinating aspect of photography beginning with an exploration of different narrative techniques you'll be guided through selecting and developing a compelling concept for your project and how it might be conveyed either through a single image or a series of photographs you'll also learn ways to incorporate signs symbols and text into your work and how to present the finished piece to best reach your audience new to this edition are extended projects additional exercises and discussion questions expanded case studies around 25 of the images and an expanded chapter 6 on integrating text into photographic projects

this is a collection of more than 150 images from the bruce and nancy berman collection of contemporary photographs these images concentrate on the american landscape and the people and structures to be found in it

black on white is the stunning black white photographs of abstract artist and filmmaker gregory s walsh all the photographs were shot on black white film on nikon cameras over the past 30 years in locations around the u s and the world from yuma arizona to amsterdam from wales to mexicali the photo series includes three areas of focus people places and things

the new york times bestseller the book is a visual feast full of drafts sketches and scribbled notebook pages every page shows how an idea becomes a finished design ari shapiro all things considered from former editor of new york magazine adam moss a collection of illuminating conversations examining the very personal rigorous complex and elusive work of making art what is the work of art in this guided tour inside the artist's head adam moss traces the evolution of transcendent novels
