in the old northwest from 1830 to 1870 a bold set of activists battled slavery and racial prejudice this book is about their expansive efforts to eradicate southern slavery and its local influence in the contentious milieu of four new states carved out of the northwest territory illinois indiana michigan and ohio while the northwest ordinance outlawed slavery in the region in 1787 in reality both it and racism continued to exert strong influence in the old northwest as seen in the race based limitations of civil

liberties there indeed these states comprised the central battleground over race and rights in antebellum america in a time when race's social meaning was deeply infused into all aspects of americans lives and when people struggled to establish political consensus antislavery and anti prejudice activists from a range of institutional bases crossed racial lines as they battled to expand african american rights in this region whether they were antislavery lecturers journalists or african american leaders of the black convention movement women or men they formed associations wrote publicly to denounce their local racial climate and gave controversial lectures in the process they discovered that they had to fight for their own right to advocate for others this bracing new history by dana elizabeth weiner is thus not only a history of activism but also a history of how old northwest reformers understood the law and shaped new conceptions of justice and civil liberties the newest addition to the mellon sponsored early american places series race and rights will be a much welcomed contribution to the study of race and social activism in nineteenth century america

for more than thirty years philosopher bernard gert has been developing and refining his distinctive and comprehensive moral theory this book presents the fullest statement yet of his influential theoretical model

core statistical concepts with excel connects statistical concepts to applications with excel using practical research examples the text jointly promotes an understanding of excel and a deeper knowledge of core concepts through practice authors gregory j privitera and darryl mayeaux provide students step by step instruction for using excel software as a useful tool not only to manage but also analyze data all through the use of key themes features and pedagogy an emphasis on student learning a focus on current research and integration of excel to introduce statistical concepts

designed by two mit professors this authoritative text transcends the limitations and ambiguities of traditional treatments to develop a deep understanding of the fundamentals of thermodynamics and its energy related applications basic concepts and applications are discussed in complete detail with attention to generality rigorous definitions and logical consistency more than 300 solved problems span a wide range of realistic energy systems and processes

philosophy crime and criminology represents the first systematic attempt to unpack the philosophical foundations of crime in western culture utilizing the insights of ontology epistemology aesthetics and ethics contributors demonstrate how the reality of crime is informed by a number of implicit assumptions about the human condition and unstated values about civil society

charting a provocative and original direction editors bruce a arrigo and christopher r williams couple theoretically oriented chapters with those centered on application and case study in doing so they develop an insightful sensible and accessible approach for a philosophical criminology in step with the political and economic challenges of the twenty first century revealing the ways in which philosophical conceits inform prevailing conceptions of crime philosophy crime and criminology is required reading for any serious student or scholar concerned with crime and its impact on society and in our lives

this is a print on demand book and is therefore non returnable this study in theological anthropology considers man as the image of god the meaning of the image immortality and human freedom dealing always with living actual man and his inescapable relation to god
