a close up look at the struggle for democracy in hong kong hong kong in the shadow of china is a reflection on the recent political turmoil in hong kong during which the chinese government insisted on gradual movement toward electoral democracy and hundreds of thousands of protesters occupied major thoroughfares to push for full democracy fueling this struggle is deep public resentment over growing inequality and how the political system established by china and dominated by the local business community reinforces the divide between those who have profited immensely and those who struggle for such basics as housing richard bush director of the brookings institution's center on east asia policy studies takes us inside the demonstrations and the demands of the demonstrators and then pulls back to critically explore what hong kong and china must do to ensure both economic competitiveness and good governance and the implications of hong kong developments for united states policy

this book analyses egypt's 2011 revolution highlighting the struggle for freedom justice and human dignity in the face of economic and social problems and an on going military regime

the specialist as we know it in the modern age is a creation of modernity up until the modern age scholars were known for their expertise in multiple areas from avicenna ibn i sina and hezarfen ahmet celebi to leonardo da vinci and galileo many medieval renaissance and enlightenment scholars were polymaths mastering knowledge from several fields the needs of the modern age created specialists focusing deeply on one field at the convergence of postmodernism and the age of the internet social cultural and economic realities of increasingly diverse societies have created a new need for the revival of the polymath emerging globalization post cold war triggered rapid social change that cannot be explained from the perspective of a single discipline this reality has recently increased the interest in interdisciplinary studies but established academic work that is focused on single disciplines still dominates the academic world and it offers limited opportunities for the publication of interdisciplinary studies one of the aims of this book is to become one example for interdisciplinary work it also aims to prepare the ground for the cultivation of scholars that can specialize in more areas on the long term this book is made out of sixteen articles that bring together different disciplines

such as educational sciences law linguistics economics culture and sports all articles passed the referee process bearing in mind that the book is the result of a multidisciplinary work the respect towards each discipline is shown by leaving the referencing and methodology according to the common usage of the relevant discipline therefore some authors have used the chicago manual of style within their articles while others have used the apa system

infrastructure investment in indonesia a focus on ports presents an important and original collation of current material investigating the efficient facilitation of major infrastructure projects in indonesia and australia with an emphasis on infrastructure investment and a focus on port planning and development this interdisciplinary collection spanning the disciplines of engineering law and planning draws helpfully on a range of practical and theoretical perspectives it is the collaborative effort of leading experts in the fields of infrastructure project initiation and financing and is based on international research conducted by the university of melbourne universitas indonesia and universitas gadjah mada the volume opens with a macroscopic perspective outlining the broader economic situations confronting indonesia and australia before adopting a more microscopic perspective to closely examine the issues surrounding major infrastructure investment in both countries detailed case studies are provided key challenges are identified and evidence based solutions are offered these solutions respond to such topical issues as how to overcome delays in infrastructure project initiation how to enhance project decision making for the selection and evaluation of projects how to improve overall efficiency in the arrangement of project finance and governance and how to increase the return provided by investment in infrastructure special focus is given to proposed improvements to the port cities of indonesia in the areas of major infrastructure project governance policies engagement operation and processes by rigorously investigating the economic transport finance and policy aspects of infrastructure investment this book will be a valuable resource for policy makers and government officials in indonesia and australia infrastructure investment organisations and companies involved in exporting services between indonesia and australia this book will also be of interest to researchers and students of infrastructure planning and financing setting a solid foundation for subsequent investigations of financing options for large scale infrastructure developments

this publication is the third biennial report coordinated by the united nations office for

disaster risk reduction unisdr the first and second reports focused primarily on public policy and the role of national and local governments in disaster risk reduction this current report explores why increasing disaster risks represent a growing problem for the economic and business community at different scales it examines how paradoxically business investments that aimed to strengthen competitiveness and productivity may have inadvertently contributed to increasing risks this report seeks to engage businesses in a dialogue on disaster risk management that goes beyond the current emphasis on response and preparedness and instead identifies opportunities for the creation of shared value for business and society
