an intriguing question do muslims understand jesus in some ways more historically appropriate than christians do leads robert f shedinger into a series of provocative challenges to the disciplines of religious studies and comparative religions questioning the convenient distinction between politics and religion and the isolation of religion from wider social and cultural questions shedinger offers a proposal for a more accurate and respectful understanding of faith that he argues will improve possibilities for mutual understanding among christians muslims and others

the human spirit seems incapable of being stagnant ever pushing the boundaries of knowledge and experience we try to understand life through questions regarding our own existence the nature of the universe and the nature of god the question of our collective heart is the external manifestation of an internal longing a quest if you will this thirst to understand reality can be seen in superstructures that are scientific social political and especially religious when considering the doctrines institutions and rituals of religions we observe certain core aspirations expressed by the people of these communities these aspirations generate from an underlying quest which seeks a way out of our perceived predicament a salvific quest regardless of whether we view ourselves as religious pre religious post religious or non religious we find ourselves involved in such a quest it seems to be an integral part of our human personhood using a unique framework of analysis this book explores christ s relevance to the quest expressed by the communities of eight major living religions a relevance that neither degrades christ nor demeans other saviors christ is not part of the human quest but is well equipped to satisfy that quest

controversies over how to define the word religion have persisted for decades culminating in those who now choose to study the word itself and not just what it is said to name what is religion debating the academic study of religion invites readers to eavesdrop on scholarly debates over the limits of and uses for a word commonly used but infrequently defined in a precise manner this volume takes the temperature of the modern field of religious studies by inviting a diverse group of international

scholars to offer their own substantive contribution that builds on the shared opening prompt religion is

convening on the fifth anniversary of the terrorist attack on the world trade center the global congress the world s religions after september 11 explored the negative and positive possibilities of the religious dimensions of life the presentations from the congress have been pulled together in this set which addresses religion s intersection with human rights spirituality science healing the media international diplomacy globalization war and peace and more this comprehensive set includes contributions from such well known scholars of religion as arvind sharma and a host of others from all the world s religious traditions this set is an unprecedented examination of religion s influence on modern life an honest assessment of how religion can either destroy us or preserve us and a thorough exploration of what steps might be necessary for all religions to join together as a force for good because of the attack on the world trade center on september 11 2001 the very concept of religion underwent a paradigm shift instead of standing for virtue and piety peace and harmony the word religion also came to be inextricably associated with evil aggression and terror people around the world began to question whether the religious and secular dimensions of modern life can be reconciled whether the different religions of the world can ever coexist in harmony indeed the very future of religion itself has sometimes seemed to be uncertain or at least suspect the volumes are 1 religion war and peace 2 religion and human rights 3 the interfaith dimension 4 spirituality

this second edition which is intended to reflect both changes in academia and in the world since 1987 includes almost all of the 2 750 original entries many heavily updated as well as approximately 600 entirely new articles it emphasizes religion s role within everyday life and as a unique experience from culture to culture

this superbly illustrated and organized reference source is the first comprehensive visual guide to the world s religious traditions with text by leading experts and lavishly illustrated with photographs thematic maps site reconstructions and tables and charts many in full color the atlas charts the origin growth and spread of all major faiths a survey of contemporary religious life its historical background and a glossary index and list of resources enhance the research value of the book
