the world in brooklyn gentrification immigration and ethnic politics in a global city is a collection of scholarly papers which analyze demographic social political and economic trends that are occurring in brooklyn brooklyn as the context reflects global forces while also contributing to them the idea for this volume developed as the editors discovered a group of scholars from different disciplines and various universities studying brooklyn brooklyn has always been legendary and has more recently regained its stature as a much sought after place to

live work and have fun popular folklore has it that most u s residents trace their family origins to brooklyn it is presently referred to as one of the hippest places in new york thus this book is a collection of demographic ethnographic and comparative studies which focus on urban dynamics in brooklyn the chapters investigate issues of social class urban development immigration race ethnicity and politics within the context of brooklyn as a whole this book considers both theoretical and practical urban issues in most cases the scholarly perspective is on everyday life with this in mind there are also social justice concerns issues of social segregation and attendant homogenization are brought to light moreover social class and race advantages or disadvantages as part of urban processes are underscored through critiques of local policy decisions throughout the chapters a common thread is the assertion by contributors that planning the future of brooklyn needs to include multi ethnic racial and economic groups those very residents who make up brooklyn

the world in brooklyn gentrification immigration and ethnic politics in a global city is a collection of scholarly papers which analyze demographic social political and economic trends that are occurring in brooklyn brooklyn as the context reflects global forces while also contributing to them the idea for this volume developed as the editors discovered a group of scholars from different disciplines and various universities studying brooklyn brooklyn has always been legendary and has more recently regained its stature as a much sought after place to live work and have fun popular folklore has it that most u s residents trace their family origins to brooklyn it is presently referred to as one of the hippest places in new york thus this book is a collection of demographic ethnographic and comparative studies which focus on urban dynamics in brooklyn the chapters investigate issues of social class urban development immigration race ethnicity and politics within the context of brooklyn as a whole this book considers both theoretical and practical urban issues in most cases the scholarly perspective is on everyday life with this in mind there are also social justice concerns issues of social segregation and attendant homogenization are brought to light moreover social class and race advantages or disadvantages as part of urban processes are underscored through critiques of local policy decisions throughout the chapters a common thread is the assertion by contributors that planning the future of brooklyn needs to include multi ethnic racial and economic groups those very residents who make up brooklyn

this book aims at a comprehensive understanding of diverging urban rejuvenation practices and gentrification processes in new york city berlin and vienna regulative and supportive mechanisms at policy and planning level have been identified through a comparative analysis of urban rejuvenation policies and actors embeddedness

those mechanisms enable the development of contextualised parameters that support projection attempts of future gentrification processes at the neighbourhood level as a result a reflective understanding of gentrification and policy recommendations are drawn at a general level the recommendations refer to the political understanding of gentrification and its role in urban development this analysis argues that cities should include gentrification as a driving force in urban policies however processes of gentrification require mediation and monitoring by public authorities who should be aware of the risk of social fragmentation as a consequence cities should move towards a social entrepreneurial city that moves beyond the simple distribution of financial resources and responsibilities and ensures social responsibility within the force field of ongoing neoliberal forces

in this book the authors revisit two iconic brooklyn neighborhoods crown heights prospect lefferts gardens and greenpoint williamsburg where they have been active scholars since the 1970s kruse and desena's comprehensive view from the street describes and analyses the neighborhoods decline and rise with a focus on race and social class they look closely at the strategies used to resist and promote neighborhood change and conclude with an analysis of the ways in which these neighborhoods contribute to current images and trends in brooklyn this book contributes to a better understanding of the elevated status of brooklyn as a global city and destination place

while most studies on gentrification focus almost exclusively on its causes and consequences through an examination of housing class conflict and the displacement of residents this book analyzes the process of gentrification gentrification and inequality in brooklyn examines the ways in which the established working class and lower income residents of greenpoint brooklyn remain socially segregated from the incoming gentrifiers with both groups forming parallel cultures within the shared physical spaces of the community desena broadens the typical analyses of gentrification to include the grass roots dynamics which create social class relations that lead to residential segregation created by social class relations drawing upon areas traditionally under represented in urban sociology including families women children and local institutions other than housing this study explores the ways in which working class residents in the course of their everyday lives negotiate change in their neighborhood and dissimilarity with their new gentry neighbors gentrification and inequality in brooklyn touches on issues familiar to anyone who has lived in a multi class or multi ethnic community while offering new perspectives on the ways that such communities develop and maintain the boundaries of social segregation

uniquely well suited for teaching this innovative text reader strengthens students critical thinking skills sparks

classroom discussion and also provides a comprehensive and accessible understanding of gentrification

considered one of the city's most notorious industrial slums in the 1940s and 1950s brownstone brooklyn by the 1980s had become a post industrial landscape of hip bars yoga studios and beautifully renovated wildly expensive townhouses in the invention of brownstone brooklyn suleiman osman offers a groundbreaking history of this unexpected transformation challenging the conventional wisdom that new york city's renaissance started in the 1990s osman locates the origins of gentrification in brooklyn in the cultural upheavals of the 1960s and 1970s gentrification began as a grassroots movement led by young and idealistic white college graduates searching for authenticity and life outside the burgeoning suburbs where postwar city leaders championed slum clearance and modern architecture brownstoners as they called themselves fought for a new romantic urban ideal that celebrated historic buildings industrial lofts and traditional ethnic neighborhoods as a refuge from an increasingly technocratic society osman examines the emergence of a slow growth progressive coalition as brownstoners joined with poorer residents to battle city planners and local machine politicians but as brownstoners migrated into poorer areas race and class tensions emerged and by the 1980s as newspapers parodied yuppies and anti gentrification activists marched through increasingly expensive neighborhoods brownstoners debated whether their search for authenticity had been a success or failure

there was nothing there williamsburg the gentrification of a brooklyn neighborhood explores the daily lived effects of gentrification for neighborhood residents those who are newcomers and those who have remained as williamsburg transformed around them

green gentrification looks at the social consequences of urban greening from an environmental justice and sustainable development perspective through a comparative examination of five cases of urban greening in brooklyn new york it demonstrates that such initiatives while positive for the environment tend to increase inequality and thus undermine the social pillar of sustainable development although greening is ostensibly intended to improve environmental conditions in neighborhoods it generates green gentrification that pushes out the working class and people of color and attracts white wealthier in migrants simply put urban greening enriches and whitens remaking the city for the sustainability class without equity oriented public policy intervention urban greening is negatively redistributive in global cities this book argues that environmental injustice outcomes are not inevitable early public policy interventions aimed at neighborhood stabilization can create more just sustainability outcomes it highlights the negative social consequences of green growth coalition efforts to green

the global city and suggests policy choices to address them the book applies the lessons learned from green gentrification in brooklyn to urban greening initiatives globally it offers comparison with other greening global cities this is a timely and original book for all those studying environmental justice urban planning environmental sociology and sustainable development as well as urban environmental activists city planners and policy makers interested in issues of urban greening and gentrification

covid 19 in brooklyn everyday life during a pandemic looks closely at the ways that the covid 19 pandemic impacted the lives of ordinary people living in the super gentrified brooklyn neighborhoods of park slope and greenpoint williamsburg where the authors hunkered down during the 2020 lockdown putting their private lives into broader scientific and public contexts krase and desena discuss a wide range of research methods and theories as well as print and internet media sources about the pandemic with words and images the scholar activist authors place their own personal experiences and those of their family and neighbors inside the broader context of global and national medical emergencies as well as related economic social and political unrest such as widespread unemployment the black lives matter movement and the contentious 2020 presidential election using a distributive social justice perspective and examining their own privileges they discover and discuss the racial and economic inequities that affected the lives of other brooklynites these disparities included public health measures and lack of access to basic necessities of urban living the book also addresses the cultural and economic shifts that took place at the start of the pandemic and contemplate how those forces will impact on future urban life asking what the new normal of business entertainment education housing and work will look like locally and globally this richly illustrated book offers an invaluable local study of the impact of the pandemic on ordinary people in brooklyn as such it will be of great interest to students and researchers in the humanities and social sciences

the world in brooklyn gentrification immigration and ethnic politics in a global city is a collection of scholarly papers which analyze demographic social political and economic trends that are occurring in brooklyn brooklyn as the context reflects global forces while also contributing to them the idea for this volume developed as the editors discovered a group of scholars from different disciplines and various universities studying brooklyn brooklyn has always been legendary and has more recently regained its stature as a much sought after place to live work and have fun popular folklore has it that most u s residents trace their family origins to brooklyn it is presently referred to as one of the hippest places in new york thus this book is a collection of demographic
