this volume offers comprehensive state of the art overviews of educational policies concerning the teaching of english in a large number of asian countries each contribution is written by a leading expert and gives a clear assessment of current policies and future trends starting with a description of the english education policies in the respective countries the contributors then delve into the nuts and bolts of the english education policies and how they play out in practice in the education system in schools in the curriculum and in teaching topics covered include the balance between the acquisition of english and the national language political cultural economic and technical factors that strengthen or weaken the learning of english

this edited volume provides a comprehensive overview and discussion of the issues surrounding the malaysian indian community s educational development malaysian indian citizens who make up seven per cent of the population have their own set of strengths and weaknesses while facing deep seated socio economic challenges education is seen as an enabler which could significantly facilitate social and economic upward mobility as shown in policies and practices implemented under the new economic policy many of which have unfortunately bypassed the indian community this book explores and assesses the various aspects of the education endeavour of malaysian indians including primary secondary post secondary and tertiary education related challenges include urban poverty school dropouts dysfunctional families and other socio economic issues it reconsiders educational equity policies and practices in place while proposing new initiatives which could support and chart a way forward for the development of malaysian indians importantly the publication addresses the roles of the government private sector and civil society to help elevate the educational achievements of the indian community the book will appeal to students and academics in the faculties of social science and comparative education development economics and sociology with a focus on access and equity in education proposals for change would be of interest to policy makers and managers of educational and non governmental organisations in plural societies

this book draws together for the first time the published research on the behaviour ecology and welfare of elephants living in zoos circuses logging camps and other captive environments in a single comprehensive volume it takes a multi disciplinary approach considering the work of zoo biologists animal behaviour and welfare scientists veterinarians philosophers zoo educators tourism specialists conservation biologists lawyers and others with a professional interest in elephants elephants under human care the behaviour ecology and welfare of elephants in captivity is a valuable resource for zoo biology and animal welfare researchers it is also useful for students and zoo professionals and managers looking for a comprehensive guide to current research on captive elephants although not intended as a husbandry manual the book discusses some of the elephant welfare standards developed by the association of zoos and aquariums aza and the british and irish association of zoos and aquariums biaza and their relationship to current knowledge of captive elephants includes results of captive studies compared with field studies of wild elephants features original images of elephant behaviour as they live and behave under human care includes results of the author s original research including many original photographs considers future implications of research for the welfare and conservation of elephants both for elephants in captivity and those living in the wild

grain legumes play significant and diverse role in the farming systems and provide nutrition security to the largely vegetarian and relatively poorer people around the world these are ideal crops for achieving three simultaneous developmental goals viz reducing poverty improving human health and nutrition and enhancing ecosystem resilience globally grain legumes are the second most important crop group next only to cereals but a large proportion of area of it is under rainfed low input systems as compared to cereals contributing to lower yields the other important factor responsible for reduced yield in grain legumes is the narrow genetic base of the present

day pulse varieties in order to break the yield barriers of these cultivars new sources of genes alleles need to be identified and suitably incorporated into the adapted background the information on various aspects of grain legume improvement although has been considerable in the recent past these information are highly scattered and not available at one place the present book consists of comprehensive and latest crop wise information on important grain legumes of the world including their distribution gene pool systematics status of genetic and genomic resources production constraints traits of importance crop improvement methodologies both conventional as well as contemporary and future strategies to be adopted for comprehensive grain legume improvement in various agro ecological target areas of the globe the chapters have been contributed by eminent crop experts from across the world engaged in research in their respective crops for the past several years thus providing a rare insight into the crop specific constraints and prospects drawing from their rich overall experience the book therefore will be a useful source of information to the grain legume researchers students policy planners and developmental experts alike

the largest portion of india s natural resources consists of land and by far the largest number of its inhabitants is engaged in agriculture therefore in any scheme of the economic development of india agriculture holds a position of basic importance the agricultural sector occupies a key position in the indian economy and provides employment to about 65 per cent of the working population the economic development process guided by the market driven parameters has benefited select sections of society however the fruits of liberalization and globalization have not percolated down to the agricultural and rural sectors sufficiently the farming community is by and large in crisis due to a non protective attitude of the government agriculture has become unviable with liberalized imports global competitiveness and the volatile nature of market prices in spite of recent corrective measures the farming community is in distress and farmers suicides are taking place unabatedly in different parts of the country particularly in southern states this book contains agricultural impact research findings by scholars specializing in different aspects of indian agriculture

sustainable and inclusive growth in emerging asian economies requires high levels of public investment in areas such as infrastructure education health and social services the increasing complexity and regional diversity of these investment needs together with the trend of democratization has led to fiscal decentralization being implemented in many asian economies this book takes stock of some major issues regarding fiscal decentralization including expenditure and revenue assignments transfer programs and the sustainability of local government finances and develops important findings and policy recommendations the book s expert contributors assess the current state of the allocation of expenditures and revenues between central and local governments in emerging asian economies and discuss their major strengths and weaknesses they also present relevant case studies of experiences and reform measures related to strengthening and monitoring local government finance including the implications of expanded fiscal capacity for infrastructure investment and other public spending covering the major asian economies of the people s republic of china india indonesia and japan among others the book focuses on the economic incentives of transfer schemes how intergovernmental fiscal equalization works and how subnational government borrowing regulations could influence debt dynamics and the fiscal deficits of local governments this book s insightful analysis will be essential reading for policymakers in asian economies and academics and researchers in the areas of economic development public finance and fiscal policy as well as development aid officials multilateral banks and ngos contributors include s barrios s i bessho p chakraborty p das z fan r k goel s li d martínez lópez j martinez vazquez p j morgan a nasution j w saunoris p smoke l q trinh v vulovic g wan n yoshino q zhang

inspired by the experiences of art therapists who have pioneered work with people with cancer this text looks at the work in its institutional context demonstrating the importance for the art therapy service of being understood supported and valued at managerial level

an expert consultation was held on 8 and 9 june 2009 in washington dc p ix
