this book was written in response to the wishes of several readers of my book propaganda techniques who wanted to have me probe somewhat deeper into the subject of propaganda after some discussions with teachers and students i used some of their ideas to come up with ten questions this gave me the title of this book propaganda a question and answer approach having developed a list of question i went about the task of trying to answer them as best as i could my hope is that the book will be useful to teachers students persuasive writers and advertisers as well as general readers

professor lasswell has made a most important contribution to the study of war basing his essay upon the thesis that modern war must be fought on three fronts the military the economic and the propagandist he has given a comprehensive account of the direction of the third front in the world war his bibliography is extensive including more than a hundred books and articles of recent date upon the specific propaganda of the world war or in general discussion of public opinion inspired by it new republic 1927 harold d lasswell s thesis offers a general theory of the strategy and role of propaganda within a military campaign while the examples focus on the first world war the principles and patterns carry over to modern day warfare politics business and social movements we undergo a constant barrage of overt and covert propaganda which can only be effectively countered by recognizing it and understanding its function this well written book is both objective and discerning while explaining how and why propaganda works this reprint includes two supplemental papers propaganda behind the lines by maj c j c street and control of propaganda as a psychological problem by prof edward k strong jr both referenced in lasswell s text

derived from the word to propagate the idea and practice of propaganda concerns nothing less than the ways in which human beings communicate particularly with

respect to the creation and widespread dissemination of attitudes images and beliefs much larger than its pejorative connotations suggest propaganda can more neutrally be understood as a central means of organizing and shaping thought and perception a practice that has been a pervasive feature of the twentieth century and that touches on many fields it has been seen as both a positive and negative force although abuses under the third reich and during the cold war have caused the term to stand in most recently as a synonym for untruth and brazen manipulation propaganda analysis of the 1950s to 1989 too often took the form of empirical studies about the efficacy of specific methods with larger questions about the purposes and patterns of mass persuasion remaining unanswered in the present moment where globalization and transnationality are arguably as important as older nation forms when media enjoy near ubiquity throughout the globe when various fundamentalisms are ascendant and when debates rage about neoliberalism it is urgent that we have an up to date resource that considers propaganda as a force of culture writ large the handbook will include twenty two essays by leading scholars from a variety of disciplines divided into three sections in addition to dealing with the thorny question of definition the handbook will take up an expansive set of assumptions and a full range of approaches that move propaganda beyond political campaigns and warfare to examine a wide array of cultural contexts and practices
