excerpt from the destiny of man this work on the destiny of man would probably never have been written had there been a possibility of discussing the question of man s immortality through the religious press every attempt at this by the author has been denied several articles have been prepared and their publication has been refused the integrity of his belief not being able to shield him from the imputation of heterodoxy and finding no opportunity to justify his theory and ever laboring under the disadvantage of distrust from the idea of not being entirely orthodox hence has arisen the necessity for this publication it should be expressly understood by all that the honor of god the good of man and the welfare of the church of christ have induced the author to elaborate this idea of non immortality in sin that man is a candidate for immortality that he is not and can not be immortal until the resurrection

and then can only be immortal in christ the author is satisfied every reader who is dispossessed of prejudice will believe after he has carefully and thoroughly perused this treatise about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

man's place in nature darwinism man is the highest creature on earth the origin of infancy dawning of consciousness change in the direction of natural selection the origins of society and of morality universal warfare of primeval men method of political development natural selection message of christianity question as to future life copyright libri gmbh all rights reserved

this book is based on the study of the traditional chinese philosophy and explores the relationship between philosophy and people's fate the book points out that heaven is an eternal topic in chinese philosophy the concept of heaven contains religious implications and reflects the principles the chinese people believed in and by which they govern their lives the traditional chinese philosophy of fate is conceptualized into the unification of heaven and man different interpretations of the inter relationships between heaven man and their unification mark different schools of the traditional chinese philosophy this book identifies 14 different schools of theories in this regard and by analyzing these schools and theories it summarizes the basic characteristics of traditional chinese philosophy compares the chinese philosophy of fate with the western one and discusses the relationship between philosophy and man's fate

in 1884 american historian and philosopher john fiske published the destiny of man which discussed humanity's origin destiny and place in the universe a leading populariser of darwin's theory in the united states and influenced by herbert spencer fiske considers views of human progress via evolutionary social change and the harmony between science and religion the destiny of man is composed of sixteen chapters that anticipate philosophical questions from a typical non scientific audience the origins of atheism the shifting hierarchal positions of humanity through history as proposed by copernicus and later by darwin human brain size and the dawning of consciousness as a result of the growth and development of moral sentiment and inventiveness through natural selection interestingly at the end of the book fiske

discusses the historical power relationships of ruling governments and predicts that as humans evolve and become more civilised war will eventually end

excerpt from the destiny of man viewed in the light of his origin future life is generally regarded as lying outside the range of legitimate scientific discussion yet while fully admitting this one does not necessarily admit that the subject is one with regard to which we are forever debarred from entertaining an opinion now our opinions on such tran about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

one of the great twentieth century works of theology emil brunner s dogmatics series presents a profoundly biblical systematic theology finding a path between barth and bultmann brunner explores key doctrines such as the doctrine of god creation and redemption and the doctrine of the church and of faith these foundational texts from a leading theologian of the 20th century are crucial for scholars and students illuminating how modern protestant theology was formed in the last century the first volume serves as an introduction to brunner s view of dogmatics setting out the nature position and necessity of dogmatics before exploring the many facets of the doctrine of god in detailed vigorous explanation brunner considers the nature and will of god including his name his holiness his wisdom and his glory thorough insightful and extensive this first volume is an illuminating beginning to this series the second volume explores the fundamental concepts of the protestant doctrine from creation and the creator to man s position within creation sin and its consequences and the saving work of jesus brunner explores all of the possibilities of these fundamentals and his detailed thoughtful arguments are designed as he says to set us free to have a faith which is based on nothing save the love of god revealed in jesus christ the third and final volume focusses on the theology of the church as a reflection of god s self revelation through the holy spirit and an eternal consummation of divine self communication drawing together the understanding gleaned in the previous two volumes brunner addresses the nature of the church and faith to bring his systematic biblical theology into the experiences of his readers
