for the white race it is almost impossible to comprehend what it took to lift blacks from the state of brutal slavery to their rightful place in society indeed we are still grappling with that problem today starting from scratch has new meaning when you look at the beginnings of booker t washington and emmanuel and tinny mcduffle the founders of the laurinburg normal and industrial institute in 1904 how far they came has to be measured against where they began emmanuel mcduffle the son of none became the symbolic father of many he did not flee to the relative safety of the north after the war but plunged deeper into the divided and often dangerous south he was determined to build a place where he his family and his race could stand and thrive this 119 year history of the oldest private black prep school in the united states comes alive through extensive interviews and records now uncovered for the first time accounts of jazz musician dizzy gillespie and nba hall of famers sam jones and charlie scott among many distinguished graduates and faculty members paint a vivid picture ranked sixth nationwide among high schools in producing the most nba players laurinburg institute also sent more than 60 players to division i college basketball teams all across the country at least 50 000 students built a new world based on the firm foundation of laurinburg institute and four generations of the mcduffle family

a wealth of texts of british and anglo north american folksong has long been accessible in both published and archival sources for two centuries these texts have energized scholarship yet in the past three decades this material has languished as literary theory has held sway over textual study in this crusading book roger dev renwick argues that the business of folksong scholars is to explain folksong folklorists must liberate the material's own voice rather than impose theories that are personally compelling or appealing to that end renwick presents a case study in each of five essays to demonstrate the scholarly value of approaching this material through close readings and comparative analysis in the first on british traditional ballads in the west indies he shows how even the best of folklorists can produce an unconvincing study when theory is overvalued and texts are slighted in the second he navigates the many manifestations of a single anglo american ballad the rambling boy to reveal striking differences between a british diasporic strain on the one hand and a southern american post civil war strain on the other the third essay treats the poetics of a very old extremely widespread but never before formalized trans atlantic genre the catalogue next is renwick's claim that recentering folksong studies in our rich textual databanks requires that canonical items be identified accurately he argues that oh willie a song thought to be a simple variety of butcher's boy is in fact a distinct composition in the final essay renwick looks at the widespread popularity of the crabfish sung today throughout the english speaking world but with roots in a naughty tale found in both continental europe and asia with such specific case studies as these renwick justifies his argument that the basic tenets of folklore textual scholarship continue to yield new insights
