what are the seven dynamics of christianity what are the five levels of christians what are the four tracks of christianity how is the soul defined what is meant by the articles of christian conversion who is the christian witness and how does he operate what does the bible contain and what does it not contain what are the seven facts concerning the devil and much more

like many others i feel there is a sense of positive movement within the body of christ at the moment while not fully formed as yet there is a glaring need for the development of true disciples to catch hold of the stirrings that are bringing forth a sense of need within the body usually these stirrings bring forth much needed evangelistic strategies which are good but there is a deeper sense of need occurring which is calling forth a desire for those already in the church to find a closer relationship with their lord and saviour the fruit of much

evangelism is till being lost although some are realising there is more to this christianity business than just putting their hand up or walking to the front of a meeting or claiming to be christian eternity is getting closer society is losing itself in its new relative moralistic culture dominated by principles that pass over marital infidelity paedophilia other people s personal security and institutional culpable greed something must happen if we are not to fall into a selfish pit leading to a quagmire that leaves suicide as the only preferred way out just going back to a church culture that justifies itself merely by being right and therefore making others obviously wrong is not going to cut it now is the day when we need real disciples that declare and demonstrate the mighty love and power of the almighty god standing against the wickedness that is threatening our personal and communal well being becoming the type of disciple is what this book advocates a positive way out of the oncoming morass it s time to rediscover the full enjoyment of our loving father god

includes part 1 number 1 books and pamphlets including serials and contributions to periodicals january june

i am excited about this beautifully written kingdom guidebook as it gives us various keys and strategies to live a kingdom life it also challenges us to become kingdom establishers and to build the kingdom of jesus where we live and work i enjoyed the parts referring to kingdom mindsets and attitudes that teach the believer a different worldview to attract a life of miracles as well as being instrumental in letting his kingdom come on earth as in heaven what dr mark loretz describes is how to practically align ourselves with the kingdom of god to live the life of overflow as jesus intended

jesus said i am the way and the truth and the life no one comes to the father except through me the thinking person may ask isn t that pretty exclusionary if god is love why does he allow only one path jesus made startling statements that can cause us to wonder do i have to love him more than my family do i have to give up the fun things in life do i have to suffer should i give away everything i own to help others do i have to accept things that don t make sense if you re an atheist or skeptic these questions could push you away from christianity if you are a christian you may feel guilty because you re not completely dedicated the truth is god has made it simple so we don t get lost on dangerous detours following jesus offers life overflowing with riches joy confidence and power a fulfilling life with a heart bathed in peace how did one man accomplish so much for all of humanity there are surprising details found in the word of god that remain unknown or misunderstood even by pastors and faithful christians there are strange ideas that christians have adopted over the centuries that are not based on the truths in god s word the bible is logical it makes sense come and meet the man jesus who is called the savior of the world discover why jesus
