matthew fox's stirring autobiography *Confessions* reveals his personal intellectual and spiritual journey from altar boy to dominican priest to his eventual break with the vatican. Five new chapters in this revised and updated edition bring added perspective in light of the author's continued journey and his reflections on the current changes taking place in the catholic church. Instead of living out his vows as a dominican brother, matthew fox was expelled from the order after 34 years by cardinal ratzinger who later became pope benedict xvi. Fox took this as a warning from the church that henceforth thinkers should not think but get in line. It is from this anti intellectual inquisition style mentality that the cover up of priestly pedophilia also grew. As the vatican appointed several generations of bishops and cardinals whose only criterion for selection was that they be uncritical yes men, *Confessions* tells the inside story of what it was like standing in front of the train when the vatican was on the attack. It also reflects on the meaning of the encouragingly healthy papacy of pope francis but holds little hope for the institutional church. Rather, this book points to the main interest and accomplishments of the author's work to bring spirituality and prophetic warriorhood alive again in society and religion. Fox draws inspiration from great mystics of the past such as Hildegard of Bingen, a champion of the divine feminine, and Meister Eckhart, a profoundly mystical and ecumenical champion of those without a voice. And the return of the archetype of the cosmic christ alongside the teachings of the historical Jesus and the bringing forth of the wisdom traditions from all the world's spiritual traditions to stand up for eco justice, gender justice, economic justice and social justice.

One of the truest and most beautiful things I've read. Tim Flannery used to bottle feed my father's two bears when my son was born. They were kept together. There were plenty of times when I got it wrong. The baby drank from the bear's bottle and the bear from his. So when they fired me from the collective farm, I knew one thing: if I wanted to go on living, I had to find a bear. A brilliant, funny and heartbreaking account of people in formerly communist countries who are nostalgic for how they used to live for hundreds of years. Bulgarian gypsies trained bears to dance, welcoming them into their families and taking them on the road to perform. In the early 2000s, after the fall of communism, they were forced to release the bears into a wildlife refuge. But even today, whenever the bears see a human, they still get up on their hind legs to dance. In the tradition of Ryszard Kapuściński, award-winning Polish journalist Witold Szablowski tells remarkable stories of people throughout Eastern Europe. And in Cuba, who like Bulgaria's dancing bears are now free but long for when they were not. He describes hitchhiking through Kosovo as it declares independence, arguing with the guides at the Stalin Museum and sleeping in London's Victoria Station alongside a homeless Polish woman. *Dancing Bears* is a fascinating portrait of social and economic upheaval and a lesson in the challenges of freedom and the seductions of authoritarian rule. Witold Szablowski is an award-winning Polish journalist. His 2013 book about Turkey, *The Assassin from Apricot City*, won the Beata Pawlak Award and an English Pen Award and was nominated for the Nike Award, Poland's most prestigious book prize.
