from dale carnegie s how to win friends and influence people published in 1936 which has sold

over 30 million copies to date to the mind management programme of professor steve peters the chimp paradox a concise and insightful guide to seventy of the most influential self help books ever published an entertaining accessible companion for readers of self help books and sceptics alike the titles include classics on achieving success confidence and happiness mindfulness how to change your life self control overcoming anxiety and self esteem issues and stress relief the chronological arrangement of the titles reveals the intriguing story of how early self improvement titles were succeeded by increasingly personality based materialistic titles and shows how breakout classics often influenced other titles for decades to come each book is summarised to convey a brief idea of what it has to offer the interested reader while a speed read for each book delivers a quick sense of what each writer is like to read and a highly compressed summary of the main points of the book in question this is a work of reference to dip into that acknowledges that some of the most powerful insights into ourselves can be found in texts that aren't perceived as being self help books and that wisdom and consolation can be found in the strangest places

understanding instead of lamenting the popularity of self help books based on a reading of more than three hundred self help books sandra k dolby examines this remarkably popular genre to define self help in a way that's compelling to academics and lay readers alike self help books also offers an interpretation of why these books are so popular arguing that they continue the well established american penchant for self education they articulate problems of daily life and their supposed solutions and that they present their content in a form and style that is accessible rather than arcane using tools associated with folklore studies dolby then examines how the genre makes use of stories aphorisms and a worldview that is at once traditional and contemporary the overarching premise of the study is that self help books much like fairy tales take traditional materials especially stories and ideas and recast them into extended essays that people happily read think about try to apply and then set aside when a new embodiment of the genre comes along
