ship sale and purchase is the essential working guide for anyone involved in the business of making ship sale and purchase agreements and also in the resolution of disputes arising out of such agreements the seventh edition of

ship sale and purchase contains a detailed clause by clause analysis of shipsale 22 the new standard form memorandum of agreement for ship sales and purchases published by bimco in 2022 this clause by clause analysis is supplemented by commentary on the corresponding provisions of the other leading standard forms used in the global shipping markets saleform 2012 the latest version of the longstanding standard form produced by the norwegian shipbrokers association singapore ship sale form 2011 and nipponsale 1999 and the main differences between these forms and shipsale 22 this edition of ship sale and purchase also contains a comprehensive description of the many ways in which standard form agreements may be modified through amendments to the printed terms and the use of additional clauses to suit the particular requirements of the parties to individual transactions in addition it analyses relevant decisions of the english courts and arbitration tribunals and explains the implications of these decisions for ship sale and purchase transactions the seventh edition also includes commentary on changes in working practices such as the use of electronic signatures the practice of remote closings payment mechanisms and the impact of sanctions and anti corruption legislation as with previous editions the seventh edition of ship sale and purchase seeks to provide legal analysis market insight and practical guidance for all those involved in the business of buying and selling second hand ships

bills of lading form an essential part of the carriage of goods by sea and international trade their multi functional nature together with the large volume of case law and regulation make the law in this field as complex as it is commercially vital this bestselling book now in its third edition provides a detailed analysis of the law and practice applicable to bills of lading before during and after shipment helping today s busy practitioner to quickly and easily find the information they need this book has been fully revised and updated with all the major developments including reference to increasingly important singapore and far eastern decisions an analysis of modern developments in seaworthiness from vetting and approval clauses to the topical issues of vulnerability and piracy attacks detailed examination of misdelivery fraudulent or forged bills of lading and delivery without production of a bill of lading revised coverage of conflicts and procedural matters including anti suit injunctions jurisdiction battles and the scope of arbitration reference to relevant european law relating to issues of jurisdiction and procedure comprehensive treatment of switch bills transhipment house bills deck carriage and container cargo and new material on the practical implications of electronic bills of lading and the implications of automated vessels this text continues to provide an indispensable reference for maritime practitioners and institutions worldwide

this comprehensively rewritten updated and extended new edition of this established text focuses on what has become the most important single facet of the quantity surveyor's role cost management the scope of the book has been broadened to take account of the widening and more sophisticated cost management and control service that clients now require the book examines the factors influencing building costs and how the precontract costs can be estimated analysed and controlled to ensure that buildings can be completed within the agreed budget and timescale and be of acceptable quality function effectively and provide value for money a new chapter on value management has been added together with an introductory chapter on cost modelling the chapter on life cycling costing is extended while the sections on energy conservation and occupancy costs are expanded throughout the text many new case studies with supporting tables and diagrams are included in order to enhance the value of this book to the student and the practitioner

the descriptions and examples of unethical behaviors in sport in this book will challenge readers to rethink how they view sport and question whether participating in sport builds character especially at the youth and amateur levels sport potentially can teach character as well as social and moral values but only when these positive concepts are consistently taught modeled and reinforced by sport leaders with the moral courage to do so the seeming moral crisis threatening amateur and youth sport evidenced by athletes coaches and parents alike making poor ethical choices and ongoing scandals regarding performance enhancing drug use by professional athletes make sports ethics a topic of great concern this work enables readers to better understand the ethical challenges facing competitive sport by addressing issues such as gamesmanship doping cheating sportsmanship fair play and respect for the game a compelling read for coaches sport administrators players parents and sport fans the book examines specific examples of unethical behaviors many cases of which occur in amateur and educational sports to illustrate how these incidents threaten the perception that sport builds character it identifies and investigates the multiple reasons for cheating in sport such as the fact that the rewards for succeeding are so high and the feeling of athletes that they must behave as they do to level the playing field because everyone else is cheating being violent taking performance enhancing drugs or doing whatever it takes to win readers will gain insight into how coaches and sport administrators can achieve the goals for youth interscholastic intercollegiate and olympic sport by stressing moral values and character development as well as see how specific recommendations can help ensure that sport can serve to build character rather than teach bad behavior in the pursuit of victory

an updated edition of the invaluable textbook on the concepts and practical application of nonlife actuarial models contains the first printing of sartor resartus as well as other works by thomas carlyle

begins with molecular characterization of the human genome rather than the conventional descriptions of mendelian inheritance pedigree analysis and chromosome abnormalities and maintains this emphasis on understanding human genetics in molecular terms throughout suitable as a text for biology

for use in obtaining a passport for job applications and to attach to court pleadings in which you are declaring yourself to be a non resident non person and constitutional but not statutory citizen

this handbook explains the development and implementation of monetary policy it examines theories and issues related to the preservation of economic activity and explores why the preservation of economic stability is a principal goal of public policy
