the companion to development studies is an essential one stop reference for anyone with an interest in development studies over 100 international experts have been brought together to present a comprehensive overview of the key theoretical and practical issues dominating contemporary development studies building on the success of the first edition the second edition of the companion has been thoroughly revised and updated and includes new chapters on a range of topics including ageing culture and development corruption and development and global terrorism each chapter summarises current debates and provides guidance for further reading and research

the companion to development studies is indispensable for students of development studies at all levels from undergraduate to postgraduate and beyond in departments of development studies geography politics international relations sociology social anthropology and economics

the routledge handbook of translation and politics presents the first comprehensive state of the art overview of the multiple ways in which politics and translation interact divided into four sections with thirty three chapters written by a roster of international scholars this handbook covers the translation of political ideas the effects of political structures on translation and interpreting the politics of translation and an array of case studies that range from the classical mediterranean to contemporary china considering established topics such as censorship gender translation under fascism translators and interpreters at war as well as emerging topics such as translation and development the politics of localization translation and interpreting in democratic movements and the politics of translating popular music the handbook offers a global and interdisciplinary introduction to the intersections between translation and interpreting studies and politics with a substantial introduction and extensive bibliographies this handbook is an indispensable resource for students and researchers of translation theory politics and related areas

developing africa new horizons with afrocentricity aims to contest the eurocentric narrative of an african development discourse this book deploys the theory of afrocentricity as an intellectual standpoint from which african thinkers should interrogate and reconceptualize the discourse of development in africa particularly the book argues in favour of the afrocentric re interpretation of african history african culture and assertion of african agency as the core building wedge in the reconceptualization of the ideal african development trajectory

a sure footed and self confident book ambitious in scope authoritative in execution and practical in its implications simon maxwell director overseas development institute london at last a development studies text that encourages self reflection from within the discipline highly recommended professor ray kiely chair in international politics queen mary university of london this is the book that academics development researchers and practitioners have been seeking for a long time it addresses the most important issues which development researchers and practitioners cope with each and every day dr tran tuan director research and training centre for community development hanoi vietnam an insightful book for both development practitioners and researchers alike professor k n nair director centre for development studies kerala india this book is about working professionally in development studies as a student researcher or practitioner it introduces and addresses the fundamental questions that everyone engaged with development must ask what is development and why do we

wish to study it how do the many theoretical methodological and epistemological approaches relate to research and practical studies in development how are development research and practice linked accessibly written with extensive use of case study material this book is an essential primer for students of development studies who require a concise penetrating overview of its foundations it is also core reading for students and practitioners concerned with the design of studies in the course of policy analysis sector reviews or project formulation management and evaluation

an intellectual history of social science and development theories describing early primarily european theories on development and their transformation in response to third world realities and looking at the relationships between development theory mainstream social sciences and international political economy this second edition discusses major events that have taken place since the 1990 edition such as the gulf war the fall of the berlin wall and the rio conference designed as a core text for upper level undergraduates a longman imprint published in the us by wiley annotation copyright by book news inc portland or

in recent years much mainstream development discourse has sought to co opt and neutralize key concepts relating to empowerment participation gender sustainability and inclusivity in order to serve a market driven neoliberal agenda critical development studies now play a crucial role in combatting this by analyzing the systemic changes needed to transform the current world to one where economic and social justice and environmental integrity prevail the essential guide to critical development studies takes as its starting point the multiple crises economic political social and environmental of the dominant current global capitalist system the chapters collectively document and analyze these crises and the need to find alternatives to the system s that generate them to do so analyses of class gender and empire are placed at the centre of discussion in contrast to markets liberalization and convergence which characterize mainstream development discourse each contributor supplements their overview with a guide to the critical development studies literature on the topic thereby providing scholars and students not only with a precis of the key issues but also a signpost to further readings this is an important resource for academics researchers policymakers and professionals in the areas of development studies political science sociology economics gender studies history anthropology agrarian studies international relations and international political economy

first published in 1997 an introduction to the theory and practices of development in the third world tracing the evolution of development theory over 40 years and examining why so many of the benefits of development are still not shared by millions

includes university catalogues president s report financial report registers announcement material etc
