between 1975 and 1980 peter sutcliffe who became known as the yorkshire ripper murdered 13 women in the north of england the murders provoked widespread fear amongst women and impacted the public consciousness at both the local and national level this book revisits the case applying a feminist and cultural criminological lens to explore a range of criminological concerns relating to gender violence and victimhood combining research findings from oral history interviews analysis of popular criminological texts and academic commentary this volume explores what the case can tell us about feminism fear of crime gender and serial murder and the representation of victims and sex workers the volume contributes to a creative cultural criminology highlighting how excavating recent criminal history and reading across texts presents new ways for understanding violence gender and representation in the contemporary context

writing the history of crime investigates the development of historical writing on the subject of crime and its wider place in social and cultural history it examines long standing and emerging traditions in history writing with separate chapters on legal and scientific approaches as well as on urban marxist gender and empire history each chapter then explores these

historical approaches in relation to crime paying particular attention to the relationship between theory and the interpretation of evidence rather than a timeline for the historical appearance of ideas about crime or a catalogue of the range of topics that comprise the subject matter writing the history of crime reveals the ideas behind crime as a subject of historical investigation it looks at how these ideas generate questions that may be asked about the past and the way in which these questions are answered this is a crucial analysis for anyone interested in the history of crime the historiography of social history or the art of history writing more broadly

how can we read crime scenes through photography making use of micro histories of domestic murder and crime scene photographs made available for the first time alexa neale provides a highly original exploration of what crime scenes can tell us about the significance of expectations of domesticity class gender race privacy and relationships in twentieth century britain with 10 case studies and 30 black and white images photographing crime scenes in 20th century london will take you inside the homes that were murder crime scenes to read their geographical and symbolic meanings in the light of the development of crime scene photography forensic analysis and psychological testing in doing so it reveals how photographs of domestic objects and spaces were often used to recreate a narrative for the murder based on the defendant s perceived identity rather than to prove if they committed the crime at all bringing the history of crime british social and cultural history and the history of forensic photography to the analysis of the crime scene this study offers fascinating details on the changing public and private lives of londoners in the 20th century

this book provides a comprehensive introductory text for students taking courses in crime and criminal justice history it covers all of the key historical topics central to an understanding of the current criminal justice system including the development of the police the courts and the mechanisms of punishment from the gallows to the prison the role of the victim in the criminal justice system changing perceptions of criminals long term trends in violent crime and the rise of surveillance society also receive detailed analysis in addressing each of these issues and developments the authors draw on the latest research in this rapidly expanding field to explore a range of historiographical and criminological debates this

new edition continues its exploration of criminal justice history right through to the present day and discusses recent events in the criminal justice world each chapter now ends with a modern parallels section a detailed case study providing historical analysis pertinent to a specific contemporary issue in the field of criminal justice and drawing parallels between historical context and modern phenomenon each chapter also includes a key questions section which guides the reader towards appropriate sources for further study the authors draw on their in depth knowledge and provide an accessible and lively guide for those approaching the subject for the first time or those wishing to deepen their knowledge this makes the book essential reading for those teaching or studying modules on criminal justice policing and youth justice

vitamin d volume 2 health disease and therapeutics fourth edition authoritatively covers the evidence for new roles for vitamin d ranging from cardiovascular disease to cancer diabetes inflammatory bowel disease multiple sclerosis and renal disease this collection represents a who s who of vitamin d research and the coverage is appropriately broad drawing in internal medicine orthopedics oncology and immunology clinical researchers will gain a strong understanding of the molecular basis for a particular area of focus offers a comprehensive reference ranging from basic bone biology to biochemistry to the clinical diagnostic and management implications of vitamin d saves researchers and clinicians time in quickly accessing the very latest details on the diverse scientific and clinical aspects of vitamin d as opposed to searching through thousands of journal articles chapter authors include the most prominent and well published names in the field targets chemistry metabolism and circulation mechanisms of action mineral and bone homeostasis and vitamin d deficiency presents a clinical focus on disorders analogs cancer immunity inflammation disease and therapeutic applications
